SANTA ANA, CALIFORNIA, THURSDAY EVENING, FEBRUARY 8, 1917.

50 CENTS PER MONTH

DIVER KILLS ANOTHER YANKEE

SHATTUCK NAMED HEAD OF CHAMBER OF COMMERCE AS NEW BOARD TAKES REINS

Metzgar Again Secretary; Old Chiefs Close Successful Booster Year

Eden, Andrews, Bisby, Wehrly Are Four New Members Of Directorate

NEW CHIEFS CENTER ACTIVITIES UPON UNION DEPOT PLAN

A union depot for Santa Ana will be the slogan of the new board of directors of the Chambers of Commerce, and activities in promotion of this project will start at once.

The Pacific Electric and Salt Lake lines have indicated their willingness to join in a union station.

Following the organization of the board last night, one of the first matters brought up was the depot matter.

President Shattuck was authorized to name a committee of three, the chair to be one of the members, to arrange for a conference or representatives of the Pacific Electric, Salt Lake, Southern Pacific and Santa Fe for discussion of the plan to have the four lines centralize their depot interests.

Closing a year that has been distinctive in its history in the development and maturing of plans for advancing the city of Santa Ana and in bringing about a co-operative spirit never before as extant as at the present time, the Santa Ana Chamber of Commerce last night passed to the control of the new board of directors, recently elected. The old board said goodbye to its associations of the past year in the progress of their home city. The reins of government have been turned to the hands of its successor and the new board enters a period of work which promises great strides in the upbuilding of Santa Ana.

The board is new, figuratively speaking, but it is composed largely of men who served last year and in previous years. There are only four new members, they being Walter Eden, F. L. Andrews, R. L. Bisby and Dr. John Wehrly. The retiring members are Chas. S. Kendall, E. S. Gilbert and W. B. Williams. Dr. Wehrly was appointed to succeed F. W. Winslow, deceased.

Shattuck President
Geo. B. Shattuck is president of the new board. J. A. McFadden and J. E. Liebigh, vice-presidents, D. N. Kelly, treasurer, J. C. Metzgar, secretary, and Walter Eden, attorney.

In surrendering the chair to his successor, President Kendall stated that he had enjoyed the work of the past year and thanked the members for the splendid support given him. He recommended that the new board pay particular attention to increasing the membership, that it make strong efforts to secure more and larger public parks and that it support the movement to secure a paved highway into the city in the southwest portion of the city.

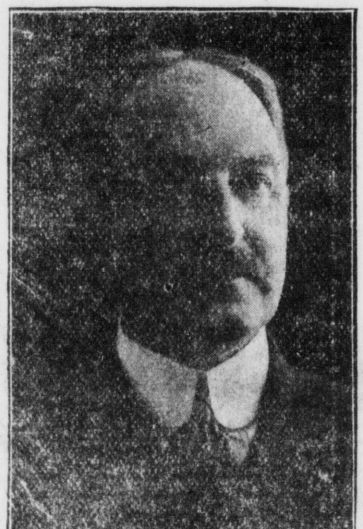

T. A. Winbiger and R. L. Bisby were elected delegates to the Associated Chambers of Commerce of Orange County.

Sixth Year as Secretary
The re-election of J. C. Metzgar as secretary meets with the commendation of every one. He has made good in the position and his retention is in recognition of the splendid services he has rendered during his incumbency. He is entering upon his sixth year as secretary. Metzgar has been alert to every project that would tend to boost Santa Ana and is always on the job.

In a comprehensive report of the activities of the Chamber last year, the secretary demonstrated that he has the faculty of grouping the attainments of the year and writing them in an entertaining way.

Accomplishments of the Chamber are recapitulated in full in the annual report. The statement is too long for publication today, but will appear in the register tomorrow.

GEORGE B. SHATTUCK, at the top, and, below, J. C. Metzgar. Shattuck was elected president of the Santa Ana Chamber of Commerce last night. Metzgar was re-elected secretary. Both men are indefatigable boosters for the advancement of Santa Ana.

Achievements of Year Pointed Out in Annual Report

Ornamental Lights and Industrial Fund Big Events In C. of C. Activities Past Year

"The past year witnessed the consummation of two accomplishments which stand out as most important and loudly proclaim to the world that Santa Ana's progressive citizens are awake to their opportunities, fully realizing that cities do not grow of themselves, but are built by the citizenship."

Thus reads a paragraph in the annual report of J. C. Metzgar as secretary of the Chamber of Commerce. The securing of an ornamental lighting system and the raising of the industrial fund are the achievements referred to in the paragraph.

In brief the report recites that the spirit of co-operation has supplanted individual selfish interests to a greater degree than ever before; that Newport Harbor is a distinct advantage to this community; that splendid improved highways, abundance of fuel and power, working conditions, location, offer wonderful advantages to industrial enterprises; that the organization inaugurated the movement for a union depot; secured the location of the crate factory; assisted in securing guard rails at important street intersections; petitioned the state highway commission to place shoulders on the road south of Tustin; passed on many manufacturing and hotel propositions; introduced a system of investigation of promotion schemes for the protection of local residents against frauds, and received 114 contributions to the chamber exhibit.

SOUTH AMERICA DIVIDED AS TO ACTION UPON DIVER UKASE

A. B. C. Unity of Action Seems to Be At End As Nations Fail to Agree

MADRID, Feb. 8.—Spain today forwarded to Berlin a protest against the Teuton submarine warfare. The note details Spain's neutrality and peace efforts but says "Spain cannot admit exceptional methods of warfare, imperiling Spanish shipping."

The note says that Germany's new warfare "causes a very painful impression" and holds that the attitude of strict neutrality that Spain adopted from the beginning gives her the right to expect that the lives of her subjects engaged in sea trade will not be imperilled and also gives Spain the right to expect that trade will not be troubled or diminished by the German program.

BY CHARLES P. STEWART (United Press Staff Correspondent)
BUENOS AIRES, Feb. 8.—Hope of further concert of action, or continuance of the A. B. C. unity among South American republics apparently is at an end. Inability of Argentine, Brazil and Chile to agree on the answer to Germany's announcement of unbridled submarine warfare, or in their reply to President Wilson's appeal to neutral nations, was believed by diplomats today to indicate complete dissolution of the plan.

According to highest information today, Argentina's note to Germany regrets that the imperial government has adopted such extreme measures, but announces Argentina's strict adherence to the principles of international law—meaning apparently that Buenos Aires intends to maintain entire neutrality.

Brazil on the whole has practically joined with the United States in judging Germany's blockade illegal. No break in relations has been made, however, the government for the present merely contenting itself with a vigorous statement of its views.

Information from Chile is lacking, but dispatches from Santiago today predicted that nation would side with Brazil.

The greatest interest is manifested here in Spain's attitude on the submarine. A dispatch received from La Nación's Madrid correspondent today declared that Germany was "negotiating with Spain" as to the nation's fruit cargoes and had announced its purpose to avoid sinking Spanish ships.

U. S. STEAMER FIRED ON BY BRAZIL WARSHIP

RIO DE JANEIRO, Feb. 8.—The American steamer Evelyn was fired upon today by the Brazilian battleship Minasgoreas, owing to a misunderstanding of signals. The Evelyn was not damaged but returned to the harbor to clear up the misunderstanding.

BRITISH SEIZE TEUTON ON BRAZIL STEAMER

LIMA, Feb. 8.—A British auxiliary cruiser stopped the Chilean steamer Motto Callao, boarded her and took Captain Krause, superintendent of a German steamship firm, prisoner, it was learned today.

The British charge Krause with being a "secret agent of the German Admiralty" whose actions have been under suspicion for some time.

The arrest is hailed with satisfaction here as the Peruvian public is anti-German as a result of the German submarine announcement.

PHONE TO EARTH BY RADIO BY AIRPLANE

SAN DIEGO, Feb. 8.—Held under the joint supervision of Captain Clarence Culver, military aviator, and E. J. Simon, New York radio engineer, radio-telephonic communication between an airplane in flight and a land receiving station was established at North Island, for the first time in the history of American aeronautics.

At an altitude of 800 feet in a Martin biplane piloted by Captain Herbert Dargue, Captain Culver succeeded in transmitting several verbal messages a distance of approximately two miles. Captain Culver's voice came floating out of the blue sky as clear and distinct as though he were but a few feet distant from the receiving room.

TEUTONS PLOT MEX. RAIDS ON BORDER, IS EL PASO CLAIM

EL PASO, Tex., Feb. 8.—Activities of German agents at Juarez, Chihuahua City and other inner cities of Mexico, today are drawing the attention of U. S. secret service men working under the direction of army authorities. It is feared the German agents are planning to foment and finance raids by bands of unorganized bandits upon United States territory in case of a declaration of war by Germany, in order to make necessary the retention of a large number of troops along the border for protection, and seriously to embarrass relations between this government and Mexico.

That certain definite plans for such raids have already been perfected was unofficially stated at Juarez.

The Mexican consulate here states that the oil fields of Tampico are being heavily guarded to prevent the destruction of wells. The fields are a source of a large part of the British navy supply, and bring Mexico heavy revenue.

U. S. UNEASINESS OVER GERARD IS ALLAYED

WASHINGTON, Feb. 8.—The State Department today declared that, while official messages have brought information telling of Ambassador Gerard's virtual detention in Berlin, it expects matters undoubtedly will be adjusted at once. Information reaching the department also told of other Americans being delayed.

Safe conduct from the entente allies for Ambassador Bernstorff and his staff is expected before night. This, officials said, would end all delay in Berlin.

Official messages showed that the safe conduct for Bernstorff, plus excitement over placing of guards on German ships in American harbors, constituted the basis for delaying passports of Gerard, his staff, newspaper men and other Americans.

GERARD NOT TO LEAVE BEFORE OTHER YANKEES

BY CARL ACKERMAN (United Press Staff Correspondent)
BERLIN, Feb. 8.—The German government will not permit Ambassador Gerard, officials of the American embassy, American newspaper men or American citizens to leave Germany until it receives information that a safe conduct has been granted German Ambassador Bernstorff and his staff.

Passports to Americans also are contingent upon Berlin ascertaining Washington's attitude toward the old Prussian treaty permitting citizens of Germany and of the United States nine months after a cessation of diplomatic relations between the two nations, in which to adjust their business.

Most of the American newspaper correspondents here desire to leave with Ambassador Gerard. But a list of these correspondents, submitted to the foreign office, has not yet been approved, despite the fact that other correspondents have been officially granted permission to remain.

Ambassador Gerard announced today that he would not leave unless the American correspondents and other American citizens could leave also.

Berlin continues quiet. There are no demonstrations.

LAW EXPERTS FLY ENVOY'S DETENTION

NEW YORK, Feb. 8.—Several international law experts, including Elroy C. Stowell of Columbia University, today declared that the detention of American Ambassador Gerard in Germany is a "flagrant act of insult, and without precedent."

Stowell said: "It is a violation of international law. I am sure this nation will know how to resent the insult."

Prof. Franklin P. Giddings said: "Congress ought to declare war on Germany today. This is outrageous. There are no words that can be printed which can express what should be said about it. It is perfectly apparent that Germany means to force war between this country and herself."

ATTACK OF APPENDICITIS

R. C. Northcross of West Orange, foreman of the county nursery, was taken ill Tuesday night with appendicitis. An operation may be found necessary.

'Inevitable' Blow That Will Bring War Awaited by U.S.

Strained Relations Nearing More Delicate Point, Says Bender

Gerard Being Held and Sinking of California Vital Factors

WASHINGTON, Feb. 8.—The state department today announced that the French government had granted Ambassador Von Bernstorff safe conduct home. France does not specify the route the ambassador is to take.

BY ROBERT J. BENDER (United Press Staff Correspondent)
WASHINGTON, Feb. 8.—A crisis in the present strained situation between the United States and Germany appeared to be drawing near today.

Two factors, at least, contributed to the feeling in official circles that the break in diplomatic relations now existing may quickly develop an even more serious phase.

First was the official version of the torpedoing of the Anchor liner California, carrying 200 passengers and crew—including many women and children.

Second, United Press advised that Germany, contrary to all international diplomatic usage, was withholding issuance of passports to Ambassador Gerard and American citizens, pending information from Washington as to America's granting of a safe conduct to German Ambassador Von Bernstorff, as well as to Washington's interpretation of old Prussian treaties.

See Slender Thread

The fact that the "one American" aboard the California—John A. Lee, of Montgomery, Ala., mentioned as such in a cable from Consul Frost at Queenstown, was saved, may prove the slender thread by which President Wilson will hold to the existing peace with Germany.

There were some officials, however, who admittedly feared this thread would not hold. They cited America's frequent warnings that American lives must not "be placed in jeopardy" by Germany's unlawful submarine warfare.

Complete astonishment was expressed in official circles, coupled with indignation, over Germany's withholding of passports. It was admitted at the state department that yesterday they had received a message indicating Gerard's detention, but officials insisted that subsequent cables apparently cleared up that difficulty indicated that Gerard would leave "soon."

Officials said the California sinking might be the "overt act" necessary to convince the President that the imperial government, is indeed bent on carrying out to the letter the "willful prosecution of the ruthless naval program," announcement of which caused Wilson to sever relations.

Case of "Pure Luck"
The fact that no Americans perished was simply a case of "pure luck," officials admitted. The spirit and intent of Germany, they declared, was openly displayed, regardless of the personnel of the passenger list.

Had a majority of the travelers been American women and children, instead of foreigners, the attack would have occurred just the same, they believe, "soon."

On the other hand, those who know the President's mind and purpose in the present crisis declare emphatically there must be no vestige of doubt, no question whatever as to the case being a clear-cut violation of American rights before actual warfare will result.

Should the President adopt a course of war he must be able, they hold, to determine the backing of a united country. It was pointed out that the danger of loss of American life on the high seas is daily diminishing.

Warns Yankees

As was anticipated, the President's action in breaking with Germany has accomplished the same result as an open warning to American travelers and American ship owners to remain in port.

Action of American line owners in definitely postponing the sailing of their vessels indicates they take this view.

With the seas cleared of American ships and American travelers refusing to take passage on belligerent vessels, there was small likelihood of an American life being endangered, it was declared.

Should American ships decide to

BIG DEVELOPMENTS IN GERMAN CRISIS DURING 24 HOURS

Twenty-four hour developments in the German crisis: Gerard held in Berlin until Bernstorff safe conduct assured.

Anchor liner California sunk without warning.

Lansing refuses to advise regarding sailing of American liners and says they may arm for defense.

Fourteen vessels, 30,000 tons, sunk.

Spain and Brazil protest barred zone.

Senate votes approval of break with Germany.

Copenhagen reports 16 Danish sailors killed when Belgian relief ship Lars Kruse sunk.

Officially reported the Evestone, on which an American sailor lost his life, was shelled and sunk without warning.

Administration confirms damaging of German ships held in American ports.

German gold transferred from this country to Argentina.

arm defensively as the government has ruled they may more serious developments may come very soon.

California Armed

The state department was today advised that the California carried a three-inch gun. The department holds that the question of armament does not mitigate Germany's action. Spain may ask how Americans fared on the California.

The firm belief is held that the next few days will determine peace or war. Questions involving the conveying of American ships is admittedly trying. Owing to indications that Germany might soon commit an "overt act," causing war, it will probably be thought best to keep the navy intact, rather than convoy merchantmen.

America is alone among neutrals in the break. Others, responding to President Wilson's suggestion, gave the United States their moral support by protesting submarine warfare, but indications are that most of the neutral countries will not break though they condemn the German program.

Senator McCumber today introduced a resolution asking Secretary Lansing to submit to the senate America's views on "limitations of the use of submarines."

All German enlisted men on coast guard vessels have been dismissed.

Senator McCumber said that he offered his resolution on defining the limitations of submarine warfare "that any belligerent nation may fully understand what acts of submarine warfare may involve this country in the present world conflict."

At McCumber's suggestion the resolution went over under rules, to come up later for further discussion.

Senator McCumber said that President Wilson's many declarations "leave it doubtful and uncertain just what obligations we impose on Germany as a condition for a continuation of peace."

NEW YORK, Feb. 8.—The Tuscan, Anchor Liner, today arrived with fifty-six passengers from Glasgow. She was three days late, due to bad weather and a roundabout course. Those aboard had not heard of the California sinking until they reached here.

NEW YORK, Feb. 8.—Though looking for retired United States navy gunners, the American Line today is undecided whether to arm its ships for defense, following Secretary Lansing's decision that a neutral may do so for defense.

MOBILE HARBOR BEING MINED BY U. S.

MOBILE, Feb. 8.—The government today is laying mines at the harbor entrance and alien lighthouse tenders have been dismissed.

DOHENY OFFERS TANKERS TO U. S. FOR WAR

WASHINGTON, Feb. 8.—The Mexican Petroleum Company through President Doheny of Los Angeles, has offered the government in case of war the use of its ten tankers and five million barrels of fuel oil stored at Tampico. Doheny also offers his yacht and storage facilities on both coasts of North and South America.

Tension Is Increased As One More American Loses His Life

63 Merchantmen Sent to Bottom By U-Boats Since February 1

WASHINGTON, Feb. 8.—England and France today granted Ambassador Von Bernstorff safe conduct. The ambassador will sail Tuesday.

The government has set itself to await what is regarded as the "inevitable" stroke that will bring war with Germany. Officials believe that the blow will fall very soon.

Tremendous U-boat activity, including unwarned submarine attacks remove the hope that Germany will not execute her announced program.

The situation is increasingly delicate following the report that another American has been killed. Official word is awaited, however.

Germany's action in delaying the departure of Americans, pending assurance of the safe conduct of Count Von Bernstorff has created a bad impression here. In view of this evidence of Germany's spirit, some believe that President Wilson when all the facts are in, will feel that he has been convinced of Germany's intentions to go forward with what he has termed her "ruthless naval program," and that he will act accordingly.

A strong conviction still holds, however, that Germany's main violation, when it does come, must be a clear case and directed beyond doubt at the "foundation principles" of this government before President Wilson will take the extreme step.

BULLETIN

LONDON, Feb. 8.—George Washington, an American negro, was killed when the British liner Turino was sunk. Officers say that two submarines attacked the California, causing forty-three deaths.

41 MISSING ON SUNKEN SHIP CALIFORNIA

WASHINGTON, Feb. 8.—A second message from Consul Frost at Queenstown to the State Department last night and made public today, said that there were 162 survivors of the California and forty-one missing.

6 WOMEN, 5 CHILDREN AMONG MISSING

NEW YORK, Feb. 8.—A cable to the Anchor Line today says that six women and five children are among the missing from the California.

The cable reiterates that the ship was sunk without warning.

17 DANES SLAIN IN LARS KRUSE SINKING

COPENHAGEN, Feb. 8.—Seventeen Danish sailors were killed when the Danish steamer Lars Kruse was torpedoed and sunk by a German submarine February 6. Word received here today declared that the captain entered the "barred zone."

63 SHIPS SUNK IN DIVER WARFARE

LONDON, Feb. 8.—The British steamer Turino has been sunk by a submarine, it was announced today.

The Turino was a steel screw steamer, of 1850 tons, registered at Liverpool and owned by the Atlantic & Eastern Steamship Company.

Padgham's Jewelry Bargain Sale

Everything in Our Large Stock of Watches, Clocks, Gold Jewelry, Table Silverware, Cut Glass, China, Etc.

THE MOST

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Mild headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "pick up" the spirits. 10c and 25c a box. All druggists.

War Or No War

This is the time to buy Flour. The talk is that flour will go to \$14.00 per barrel. A month or two ago the potato dealers said potatoes would go to \$4.50 and \$5.00 per cwt. They are quoted today in Los Angeles at \$3.00 per cwt. and before this week is out they are liable to get to the \$4.50 mark. The way things are shaping there is nothing to prevent flour from going to \$14.00 or \$15.00 per barrel. You can just as well save \$4.00 or \$5.00 per barrel by buying now.

We are offering you the biggest value ever offered in flour in this city. We have put this flour in place of all the popular brands such as 3-P Kansas, Moses Best, A-1, Drifted Snow, etc., and it has stayed put.

HIGHLIGHT FLOUR,
This Week, 1 lb. sk. \$2.50

READ THE GUARANTEE
Take a sack of highlight flour home, use it all and if it does not prove as good or better than any other flour you have used, bring back the empty sack and get YOUR MONEY BACK.

Can you beat it?

F. E. MILES
CASH GROCER and MEAT MARKET.

Fourth and Broadway.

Parent-Teacher Association for Friday night of this week. This is to give the fathers as well as the mothers an opportunity to attend.

A program of music has been arranged and there will be an address by W. R. Garrett of Orange. The music will be given by Misses Gertrude and Dorothy Utt, the Tustin Male Quartet and Mrs. F. W. Slabaugh of Santa Ana.

All the patrons and friends of the school are invited to attend.

W. C. T. U.

The regular meeting of the Tustin W. C. T. U. will be held Thursday afternoon at the home of Mrs. P. H. Eber. A Frances Willard memorial meeting will be held. All the members and friends are invited to attend.

Birthday Anniversary

The members of the Woman's Missionary Society of the Tustin Advent Christian church helped to celebrate the eighty-first birthday of one of their number, Mrs. Belts, of Orange, on Tuesday, February 6. The ladies arrived at her home at about noon and a delicious dinner was served by the cordial hosts.

Matters of interest to the society were discussed in the afternoon.

Hour of Old Songs

A good many people in this community have come to know the charming style of Miss Dorothy Butterfield in the singing of the sweet old songs and a good audience was present Friday night at the Tustin Presbyterian church to hear her in an hour of old songs.

"Killarney," "When Love is Kind," "Old Folks at Home," "Juanita," "Bonnie Sweet Bessie," "Robin Adair," "Annie Laurie" and others were given each its distinctive charm and the result was a much-delighted audience.

Miss Butterfield was accompanied by T. Harry Warner.

House Warming

Last Friday night the members of the Tustin Advent Christian church gave their Sunday school superintendent, David Hunt and his bride a pleasant surprise when they went over in a body to their home in Orange and gave them a house warming.

The young couple have just recently married and started at house keeping.

There were about thirty in the party going over in automobiles.

After the first surprise the visitors were cordially welcomed and an evening of games and music followed. A pleasing feature was the presentation of a set of solid silver teaspoons to the young married people.

Later in the evening toothsome refreshments were enjoyed as well as the ride home by moonlight.

KINGS COUNTY PEACH GROWERS IN CONCLAVE

HANFORD, Cal., Feb. 7.—Yesterday was practically a holiday in Hanford, set aside for strengthening of the organization of Kings county peach growers. Merchants and peach men campaigned the entire county in an effort to secure a 100 per cent sign-up of peach growers in their organization, known as the Peach Growers, Incorporated. Merchants at Lemoore conducted a similar campaign.

A Texas Wonder

—The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2295 Olive street, St. Louis, Mo. Sold by druggists.—Advertisement.

WATCHING OIL WELL CLOSELY

Harper and Fairview Sections Much Interested In Outcome of Project

HARPER, Feb. 8.—The people in this section are anxiously waiting the outcome of the oil well of the Collins lease. They have cemented the well, to stop the flow of water, and drilled to within a few feet of the bottom of the cement. The drilling is being done by N. J. Allemen.

Miss Lepa Walker of Los Angeles, spent a few days last week with her parents, Mr. and Mrs. J. R. Walker.

George McGinnis, the White Leghorn man, is installing a new hot water brooder. The new brooder is one of the latest designs and will be a great help to Mr. McGinnis in the raising of the chickens.

Miss Gertrude Grinn of Fremont, Neb., is visiting with her sister, Mrs. H. B. Woodrough. Miss Grinn is a trained nurse and expects a position in a Los Angeles hospital.

Fred Eydinstimer of Niles, Mich., is visiting his brother, George W. McGinnis. Mr. Eydinstimer is a contractor and builder.

The carpenters building the new Harper store expect to finish the building in about three weeks. The work was commenced Monday.

Miss Gladys Pye and Miss Gwendolyn Jones, of the Los Angeles Norman School, are here visiting the local school.

Mr. and Mrs. A. G. Boyce have moved here from Los Angeles.

C. W. Gardner is adding a few improvements to his home near here.

Miss George McGinnis left last week for a visit with old friends and relatives in Michigan.

Mr. Brockett has sold his ranch near

PAPE'S DIAPEPSIN FOR INDIGESTION OR SOUR, ACID STOMACH

In Five Minutes! No Dyspepsia, Heartburn or Any Stomach Misery

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.—Advertisement.

The Ladies' Aid Society held its semi-monthly meeting last Thursday.

BETTER P. O. SERVICE BETWEEN U. S. AND S. AMERICA VITAL NEED

BUENOS AIRES, Feb. 7.—Better postal facilities between the United States and South America are declared by North American business men here to be one of the most urgent necessities today for the development of trade on the southern continent.

Mail order houses are pointed to as one class of concerns which might open a big field if the postal difficulty can be overcome. There is now no means for exchanging small amounts of money cheaply.

Standard Paint and Paper Co., 209 West Fourth St. Phone Sunset 1376.

REPORT IS MADE FOR DAY NURSERY WORK IN JANUARY

There was an average of fourteen children a day at the Santa Ana Day Nursery during the month of January. The matron, Mrs. A. A. Jones, distributed 114 garments and twenty-eight places for employment were found for women.

Household Economics Section No. 1 made a very welcome gift to the Nursery of about \$20. Other gifts were as follows: The Rankin Dry Goods Co., 16 dresses and 42 pieces of underclothing for children; Mrs. Geo. C. Roy, Mrs. W. L. Tubbs, Mrs. James S. Rice, a friend, Mrs. Morris, Mrs. Stone, Mrs. Gilbert, Mrs. Chas. Twist, Marian Calhoun, a friend, Mrs. Anna Gale, Miss Irvine, Mrs. Adams, Mrs. Hutchins of the Seaside Home, Mrs. E. B. Prince, and Mrs. C. D. Holmes sent clothing. Mrs. Arthur Lyon, Mrs. Doren and Mrs. Hawley, playthings; Mrs. E. V. S. Pomeroy, a tableboard; the Unitarian church, salad; First Presbyterian church society, potatoes; M. E. church society, buns, wieners, pickles; Father's Meeting of Jefferson school, cake and ice cream; Dragon, cinnamon rolls; Mrs. J. S. Rice, groceries; Mrs. Stockslager, cake; Mrs. Hervey, baby buggy; Baker's Bakery, pies, cake and doughnuts.

Much interest is being shown in the benefit by the Tustin Section, which is to be given at the home of Mrs. Nealley on Friday afternoon. Fifteen cents is not very much, but if 100 people come the Nursery will receive quite a sum.

Notice to Exchange Growers

A Meeting Will Be Held at

Campbell's Hall, Orange, Calif.
Friday, February 9 at 1 P. M.

For the purpose of organizing an Exchange Growers Co-operative Fumigation Co. All Exchange Growers are urgently requested to be present.

SALVATION ARMY APPRECIATES SUPPORT BY REGISTER

Recent Publicity Has Brought Good Assistance to Army's Charity Work

"I have been materially assisted in my work by recent publicity given by the Register, and I wish to thank you for the support you have given."

Captain Carroll, of the Salvation Army, thus expressed his appreciation of the service rendered by the Register by calling attention to the scope of his work and the need of further assistance in order to make it more effective.

Following the first publication of the need of more money several people called him by phone and requested him to call on them for donations. Some have promised to make regular monthly contributions and by these his dependable monthly income has been increased \$60. He needs a monthly revenue of \$100, or \$37 more per month.

"If I had a cash income of \$100 per month," said the Captain, "I could give those who need the assistance we render better attention and devote myself to furtherance of charity work. As it is now, much of my time is taken up in getting funds together to meet the expenses of the relief home maintained at 818 East Third. Shortage of money handicaps me in the extension of my work."

"During January we served 984 free meals and supplied 495 beds, secured jobs for twenty-nine men, gave out 61 garments and covered fourteen pairs of feet with new shoes."

"Interest in the employment agency has been aroused by the publicity and I have had more calls for men in the past three weeks than I ever had before. I have sent a number of men to employment outside the city also."

"We don't harbor 'rough necks.' We usually pass these people on. When a man who appeals to us for assistance demonstrates that he is a good worker, and wants to work, we take care of him until employment is found. We

always have five or six men at the relief home to take care of calls for laborers, and would appreciate it if those in need of men to work around their yards, or for other work, would call us. We can supply the demand on short notice.

"We now have a good stock of wood piled up in the yard to keep our men busy when they are not employed elsewhere."

"As the result of the appeal through the Register, I have been given a good buggy, potato seed for planting a lot and the free use of a good 4-year-old horse. The potato seed was donated by A. N. Zerman and the buggy was given by C. A. Riggs. The horse I have for its keep was supplied by a Mexican, and I have the privilege of buying it at a very low price."

"I need more clothing. Anyone having cast-off garments to give should phone me and I will call for them."

BE PRETTY! TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

Ore Values Increase and Go to Great Depth At Chloride

"Chloride properties in the past have produced from grass roots ores of exceptional value, and in the last few years it has been demonstrated that these values not only go to great depth, but have increased."

"The Tennessee, at the north-westerly end of the district, has improved steadily with each new level, and the present depth of 1400 feet is reported to contain the best ore yet found in this property."

"The Golconda, at the other end of the district, has attained a depth of 1000 feet, showing a constant improvement."

"The ore recently encountered in the Hughes Arizona Copper Company's tunnel shows values as high as 19 1/2 per cent copper, 54 per cent gold and 78 ounces silver. This vein is from four to ten feet in width. Extensive sampling in ore chute opened with tunnel shows values of \$20.40 per ton. Reports just received from the property tell of marked improvement in breast of tunnel."

The above is part of a news item in the Los Angeles Examiner of January 22.

Hughes-Arizona Copper stock is now selling at 25c a share. For further information, call on or address

LOCAL GOLFERS IN ANNANDALE MEET

Helping to swell the largest entry list since the championship at Midwick two years ago, a number of golfers from the Orange County Country Club yesterday participated in the qualifying round of the invitational tournament at the Annandale Country Club. The course, during the day, was negotiated by 148 golfers. Low score for the day, 76, was made by E. N. Wright. The first round of match play was scheduled to be held today.

Following are the results scored by Orange County Country Club members in the qualifying round:
Lee Collins, 84-80; W. K. Parkinson, 87-74; A. C. Twist, 87-70; C. G. Twist, 89-81; S. Wold, 90-74; F. B. Browning, 91-83; R. E. Reid, 95-74-81.

Local golfers in flights have the following pairings:
Second flight, W. K. Parkinson vs. J. A. Childs; third flight, Lee Collins vs. C. H. Dale; W. D. Schmidt vs. C. G. Twist; sixth flight, Fred Harris vs. F. B. Browning.

A Woman's Experience With Grippe.
—When a cough or cold "hangs on," and you have aches and pains in your joints and muscles, it is likely that grippe is taking hold of your system. Mrs. J. A. Rodgers, Switzer, S. C., says: "I am susceptible to colds, often ending in grippe. In this case I have found Foley's Honey and Tar to prevent doctor bills." This sterling family remedy loosens the phlegm, stops irritation, allays soreness and inflammation and frees the air passages. Good for children. Rowley Drug Co.

MILLER APPOINTED
ANAHEIM, Feb. 8.—The vacancy on the board of directors of the Anaheim Union Water company, caused by the death of William Crowther, was filled at the meeting Saturday afternoon by the election of A. G. Miller.

LIKE ELECTRIC BUTTON ON TOES

Tells Why a Corn Is So Painful and Says Cutting Makes Them Grow

—Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or callous from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out of the foot and all, without pain. This drug is harmless and never inflames or even irritates the surrounding tissue or skin.—Advertisement.

HOLD ELECTIONS IN PROTECTION AND DRAINAGE DISTRICTS

Fred English Elected In Newport, Callens Defeats Talbert In Talbert

Under the state law, yesterday was election day in the drainage and protection districts of this county, excepting Bolsa Drainage District, which, operating under a law different from the others, will not hold its election until in June.

While close contests developed in several of the precincts among the districts, there was more general interest being due to the fact that there have been controversies in that district in relation to the management of the affairs of the district.

The directors of each district will meet on the first Tuesday in March for the election of a president and secretary. Both Newport and Delhi will have new presidents, J. D. Hunton, president of Newport district, having moved away, and Stephen Griset, president of Delhi, having declined reelection.

Newport District
By yesterday's election in the Newport Protection district one new director will take a seat in March. He is Fred English, who yesterday defeated L. M. Ballard of No. 1 precinct by a vote of 50 to 14. English will succeed Guy Koons, who was not a candidate for reelection. In No. 2, where no contest was waged, J. W. Martin was re-elected with 5 votes to 2 cast for Lehnhardt. With 19 votes, F. D. Plavon was re-elected in No. 4. H. L. Wakeham and Leo Borchard are the two hold-over directors.

Talbert Drainage
In the drainage district elections the warmest contest was that in the Talbert Drainage District. S. W. Price was the hold-over director. In No. 1 Leo Borchard, who was not a candidate for reelection, defeated Mrs. Mary Bushard by a vote of 11 to 10. S. E. Talbert, who has been on the district board for years, was defeated for reelection. R. L. Callens was elected with the vote as follows: Callens, 17; Talbert, 9; John Pope, 5.

Newport District
There were two directors' places to be filled in the Newport Drainage District. D. W. Ellis being a hold-over director. J. D. Hunton, moving out of the district, was not a candidate for reelection. To succeed him R. L. Tedford with five votes defeated D. A. Baer, who got four votes. A. E. Selvidge was re-elected in No. 1 without opposition.

Delhi Drainage
In Delhi Drainage District, there were two directors to be elected. One was in No. 2, the precinct of Stephen Griset, who was not a candidate for reelection. J. W. Jamison with fifteen votes defeated Jacob Shiffer, who got twelve votes. Mike Babylon in No. 3 is a hold-over. J. S. Ellis in No. 1 was re-elected without opposition.

Westminster District
In Westminster Drainage District there was one hold-over, W. Dean Johnston. Ed Golder, Jr., was re-elected without opposition. Ed Finley was re-elected with a lead of thirteen votes over his opponent, H. F. Penhall.

Storm Water
The Olive-West Orange Storm Water District had an extremely quiet election. Two directors, Fred Eckhoff and H. H. Taylor, were both re-elected directors without opposition. Lucien Flippin is the hold-over director.

STERN-GOODMAN TO PUT UP NEW STORE BUILDING, \$25,000

FULLERTON, Feb. 8.—Announcement that the Stern Realty Company will build a modern two-story building for the Stern & Goodman Mercantile Company on the site of its present quarters, has been made. The new building is to cost in the neighborhood of \$25,000.

The structure will occupy 100 feet on Spadra and 120 feet on Commonwealth.

One hundred feet of the old building, fronting on Spadra will be remodeled and improved.

Stockholders of the Stern & Goodman Mercantile Company met Tuesday and elected the same officers and board of directors to serve another year. The realty company held no election.

FAMED BIRCH WELL INCREASES GRAVITY

BREA, Feb. 8.—A remarkable feature that has just come to light is the peculiar showing that is being made by the Birch Oil Co.'s famous No. 5. The gravity of the oil produced is increasing, and during the past week a rise of half a degree in the gravity of the oil has been observed. Generally wells that have been producing for any length of time decrease in gravity, the oil getting heavier as time goes on.

ORANGE GROVE TRADED
ANAHEIM, Feb. 8.—H. P. Tobin sold for P. F. Frahm his ten-acre Valencia grove near the Garden Grove road, about four miles from Anaheim, to Alexander Stark. One-half of the grove is three-year-old trees and the other half is set to one-year-old trees. Frahm takes as part payment a seven-room bungalow on South Helena street. The consideration was \$6500.

DR. GANDIER WILL BE SPEAKER, 7:30 TONIGHT

There will be a mass temperance meeting tonight at 7:30 p. m. at the First Presbyterian church, when Dr. D. M. Gandier will be the speaker of the evening.

Dr. Gandier is one of the best known temperance workers in the United States. He was head of the California Dry Federation during the last campaign.

TEN-ACRE VALENCIA GROVE FOR \$15,000

ANAHEIM, Feb. 8.—Henry Williamson has sold his fine ten-acre orange grove west of town to William Henry for the sum of \$15,000. The deal was for cash and is certainly an example of the increase in valuation of ranches in that part of the district.

The trees are five years old and of excellent growth and condition. Henry will take possession at once while Williamson will move to Anaheim and make his residence here.

C. B. Berger Company sold for W. W. Walcott a ten-acre Valencia grove on North Placentia avenue, Anaheim, to F. G. White of Los Angeles, for a consideration of \$20,000 cash.

BASEBALL HITS POLY'S FANCY

The lovely spring weather is certainly being appreciated out at Poly High. Just as soon as the tingling of the bells sound at 3:15 the students pour out to the athletic grounds and to the tennis courts and proceed to make hay while the sun shines. Spring sports are here in full blast whether spring is here or not and this superb weather is just what the athletes and "would be" athletes have been aching for for some time.

Baseball Coach Smith reports optimistically on the turn-out for Santa Ana's ball squad. Around thirty men have been showing up for practice every night, and the best of it is a majority of them seem to know the national sport or have the ability to absorb some of Smith's advice into their craniums. The added impetus to baseball was doubtless occasioned by the announcement to the effect that there would be two teams formed and the second team would schedule games just like the "varsity." Every night the Oxy coach has a four or five inning battle between the two teams and some interesting duels have already resulted. Smith believes that the only way to learn baseball is to have his team play it every night just as a football team scrimmages for actual experience.

Benefit for Suits
Right at present there has been a lack of suits for the fellows that have come out and it is the purpose of the coach and captain to remedy this as quickly as possible. To raise money for the benefit of the ball tossers the Occidental Glee Club has been booked for a night concert at Intermediate on February 23. The team members will conduct the matter themselves, under the auspices of the Student Body, and all the proceeds over the expenses will go for new suits and necessary paraphernalia.

A newcomer has entered the field for position as mound artist in Brooks, a student from Laguna. He is said to have lots of "stuff" along with plenty of speed.

Before the week is over, Coach Smith will probably pick his two teams and start an earnest drive toward the county championship. Everyone knows that Poly is at a disadvantage this season in that both Orange and Fullerton have practically their full teams back, among them being Hinricks and Wilcox, the two hurlers, but the local Mentor and "Dutch" Holzgrate, the big skipper of the team, propose to bring home the bacon anyway.

Track Work Continues
Despite baseball's prosperity, track has not been forsaken altogether. Quite a few of the lightly clad athletes turning out each night for practice. The big event of the season, the Orange County meet, has been scheduled for Santa Ana March 17. If Poly is successful in wrestling the E. B. Smith cup from Anaheim this season, said cup becomes the permanent property of S. A. High. But if either Orange or Anaheim win it once more, they likewise keep it. So one may readily realize how bitter the scrap will be when the five schools of the county gather here on St. Patrick's Day.

According to those on the inside, Neal Raney is slated to be the big star out at Poly this season. Raney is working hard and is developing into an all-around man. He is a well-known sprinter and low hurdler. Now he is taking up the high jump and pole vault and is a good man in both.

Gene Trago, captain, is a dangerous speed merchant, but his new job as president of the student body has kept him off the track to quite a degree. Hall will attempt to develop him into a high hurdler, according to reports, as nary a person has shown any form in this event to date.

Debates Near End
Unless Santa Ana linguists win by decisive scores both here and at Pasadena in their discussions Friday night, the league debate season will close at that time. Poly debaters will take on Pomona high here on the affirmative of the following question.

"Admitting the feasibility of actual purchase, Resolved that government ownership of all interstate railways would be in the interests of the general welfare of the people of the United States." Eugene Trago and Alverda West will uphold the red and white here, while Fred Forgy and Fern Hill go to Pasadena as negative speakers.

This year's night debates have been very poorly attended and it is the hope

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

Spring White Materials

—We "feel it in our bones" that Spring is coming.
—We're looking for Spring business better than ever for Spring goods are prettier than ever. Wash goods and white goods for our lines were purchased months ago when prices were lower.
—That explains how we can offer these beautiful White Goods so reasonably. Here are some of the new things:

Fancy Waistings 25c, 35c, and 40c.

—The beauty of design and value will surprise you, in the goods we offer this season at these popular prices.

—Daintily striped voiles, in plain or nubbed stripes, the heavier Flaxons in stripes, and plaids from the sheerest and daintiest of checks to the 2-inch corded effects. Even embroidered Flaxons are shown in the plainer designs at these prices.

—We've prepared for the biggest White Goods business we've ever known.

Fancy Waistings, 50c, 60c and 75c.

—Goods of the higher qualities, and quality costs money, but we are holding our prices down to the lowest figures.

—At these prices we are showing the sheerer materials, organdies, voiles, flaxons, in embroidered designs, or shadow stripes and plaids, or the new broken checks that are so attractive.

—You can see these goods on display, both in dress materials and designs for waistings.

Organdies and Voiles, 25c to \$1.00.

—Plain Organdies are coming rapidly into favor. We show all qualities of the plain materials, organdies and voiles.

—It's a pleasure to be able to choose from an extensive line just the quality you have in mind. Our price range of these materials runs from the lowest to the highest qualities, 25c, 35c, 40c, 50c, 75c, and \$1.00 per yard.

White Skirtings, 25c to 75c.

—You're always interested in the new things. We are showing them this year, and the patterns are handsome.

—Cotton Cords, heavy or fine, are among the best—a modification of pique, about the same weight, just as good for wearing qualities.

—We show the better grades only, priced at 50c.

—The new basket weave, beautifully mercerized in an especially handsome material for a white skirt. Soft in texture, yet heavy in weight to make the most graceful garment.

—We show two or three patterns, of the better qualities, at 65c per yard.

—Striped honeycomb cloth, and other striped suitings are here to greet you all fresh and new. We show quite a line of these at the popular prices of 25c, 40c, and 50c per yard.

—Plain and fancy Gabardines, in even a greater range of value and choice of design. The cotton gabardine has proved its merit. We show the plain material, or self striped, or checked, or line checked in black, various qualities and patterns from 35c to 75c per yard.

—Staple Piques in all wales and all the wanted weights. Our piques are 36 inches wide, beautifully finished. Qualities at 25c, 35c, 40c, and 50c per yard.

New Colored Skirtings.

—Sport colors, in a fine basket cloth, for those who desire individuality. We show colors of Gold, Rose, Copenhagen Blue, and Emerald Green. Priced 50c per yard.

of Debating Coach Charles Deaver that a large crowd of townspeople as well as students, will be present this Friday night. The question is a live one, full of interest, and the debaters are excellent.

COUNTY PROHIBITION FORCES TO GATHER AT FULLERTON

On Monday, February 12, the Prohibitionists of Orange county will meet in Fullerton to discuss the plans proposed by the Southern California Prohibition committee for the 1917-18 campaign and devise ways and means of campaigning in Orange county.

The afternoon conference will meet at 1:30 and will discuss the subject of local organization and personal work.

The banquet will occur at the Shay Hotel at 7 p. m.
The principal speakers will be Rev. Marsh and Mrs. Drusilla Williams of Fullerton, State Chairman Ernest E. Taylor, Wiley J. Phillips, editor of the California Voice; George F. Wells of Minnesota, and Miss Macie Brehm, vice president of the World's Women's Prohibition Federation. Miss Brehm is also secretary of the Presbyterian Board of Temperance Work, and a national character in W. C. T. U. circles. Mrs. Drusilla Williams, 142 East Amerigo, Fullerton, is arranging for the reservation of plates.

FULLERTON CLUB OUT OF THE RACE

FULLERTON, Feb. 7.—The U.S.C. quitted defeated the Fullerton Athletic Club here last night by a score of 42 to 22, eliminating the latter in the championship race in the A.A.U. basketball tourney, unlimited class.
The game was hard fought all the way through and at the end of the first half the score stood 20 to 14, with Fullerton on the long end. B. Orley was the stellar player for the collegians, making sixteen points, while Lloyd Fuller led for the home guard with thirteen. The locals were weakened by the loss of Pettigrew, who is laid up with an injured foot. In the last half of the game Guy Welton was ruled out for personal fouls.

The line-up: For U.S.C., Hamilton, Hackney, G. Orley, forwards; McCormick, McMillan, center; B. Orley, Henderson, Baker, Whitcomb, guards. For Fullerton, L. Fuller, R. Emery, forwards; L. Fuller, center; L. Sherwood, Welton, Burdorf, guards.

SANTA ANA LECTURER BUMPS INTO TRUCK

After driving an automobile for eight years without an accident, E. M. Nealley of Tustin has been in two in the past month.

Nealley was in Alhambra yesterday, where he delivered an address before the Wednesday Afternoon Club, and on his way home ran into a large delivery truck. He was not injured but his machine had to stay in a garage for three hours before its owner could proceed on his homeward trip.

The front wheels, road, steering gear and fenders were broken and damaged.

HERE'S TO YOU, JIM!

Last night the directors of the Chamber of Commerce re-elected J. C. Metzgar secretary for the sixth consecutive year—a compliment of which any man may be proud.

The position is a difficult one to fill—difficult in itself, by reason of its multifarious and complex duties, but its difficulties are magnified and multiplied almost to the extent and by the number of the membership of the Chamber of Commerce. It is sometimes hard to please one boss, but when it comes to pleasing several hundred bosses—well, that's some job.

To be serious, Mr. Metzgar brought to the duties of his office, when he first accepted it, exceptional qualifications, personal and characteristic, and experience has developed those qualifications to the highest degree.

Of course, there has been a general forward movement in Santa Ana, an awakening and energizing of civic pride and ambition, a co-operative and persistent effort on behalf of a bigger and better Santa Ana in which all our people have participated; but undoubtedly a large measure of our success, both accomplished and prospective, is due to the suavity and efficiency of genial, indefatigable Jim Metzgar, who has manipulated the one line that guided the many-headed team of Santa Ana's civic hosts.

THE PLACE OF EGGS IN DIET

Because of the peculiar food value of eggs, their relative freedom from waste, and the ease with which they may be prepared, their use as meat substitutes at least is often desirable even when a consideration of their price alone would not so indicate. This is stated in a recently published professional paper of the Office of Home Economics of the U. S. Department of Agriculture, Department Bulletin 471. It is pointed out, however, that while this is true of eggs served as one of the principal dishes of a meal, it often is not true of eggs used in cakes, puddings, and other desserts along with meats. It is in the latter use of eggs that the housewife who wishes to economize can try especially to curtail consumption. A fact which makes this latter practice easier is that with the present availability of baking powders, corn starch, gelatin, etc., the use of eggs to impart lightness or to thicken liquids is not now essential as it was in the past.

The principal food element furnished by eggs is protein, the nitrogenous tissue-building element whose presence in considerable proportions also gives meats, fish, milk, cheese, etc., their special food value. Eggs can, therefore, be substituted in the diet for the latter foods without materially altering the proportion of protein consumed. In addition to protein, eggs also furnish fat and a number of valuable mineral elements, including sulphur, phosphorus, iron, calcium, and magnesium, in an easily assimilable form, and are believed also to be rich in certain essential vitalizing elements called vitamins.

Like milk and unlike meats, eggs do not contain substances convertible in the body into uric acid. Their shells constitute the only waste materials. Ninety-seven per cent of the portion eaten—a high proportion compared to other foods—is digested. No extended cooking is necessary for eggs and there is, therefore, a saving of time, labor, and fuel in their preparation when they are compared with many other foods. For all these reasons eggs deserve an important place in the diet for use at times in place of other foods rich in protein, provided egg prices are not so high as to outweigh the other considerations.

DREAM ON!—THE WORLD NEEDS IT

"What's the use of having any ideals? One-half the world is mad with war, and the other half is delirious with its material prosperity. Civilization is a failure."

You have heard somebody talk this way more than once in the last year. Deploping our "spiritual debility" is a popular pessimistic habit. And therefore, if you ever have any dreams of your own, you probably have stopped confessing to them. You think it pure waste, for example, to try to discuss "character" when ordinary conversation runs entirely to the high cost of living.

Yet you know, all the time, that if any complete investigation of high prices could be made, the element of character would have to enter into it. Men who dream of ideals do not be-

come grafters and exploiters, do not corner foods, do not make combinations in restraint of trade.

But do you ever stop to think that because destruction seems to threaten man's best spiritual achievements you ought to assume your own share of responsibility for preserving civilization? And that you can do your bit best by sticking to your visions?

Max Otto, associate professor of philosophy at the University of Wisconsin, had this to say about dreams, the other day:

"Dreams are the nascent acts. They are acts in the embryonic form."

"Dreams are projected programs of action."

"Dreams are aspects of reality. They are revolutionizing forces. Living in great dreams means expansion of personality and transformation of the world."—San Luis Obispo Telegram.

THE TRUTH

Three men set forth in search of Truth.

The first said: "I will go to seek it in the wisdom of others. There, if anywhere, is it to be found." So he ensconced himself in the alcoves of a great library and began to pore over the tomes of all the sages in all centuries. Years and years he delved thus. One day, an old man, he abruptly closed the volumes spread about him. "They all contradict each other," said he. "There is no such thing as Truth."

The second man had said: "It is not in books but in the lives of my fellow men that I shall find Truth." So he went forth for the quest, through all the marts and byways of mankind. In a few years he returned wearing the cynic's sneer.

The third man had hesitated. Said he: "Before I go to seek Truth, I fancy it will be well that I should try to practice it myself." And in that endeavor he became so absorbed that he postponed his great quest, year after year, all his life long. As he lay upon his deathbed he sighed deeply. "I vowed to seek for Truth," he murmured, "and I have broken my vow."

And then, even as he raised his eyes, there stood before him a shining apparition, of great beauty. "I am Truth," said the figure, and smiled down upon him. And, as the man gazed in silent amazement, the voice continued: "Truly, you had no need to look for me, for you found me and I have been at your side ever since that day long ago when you chose to do rather than to seek."—Collier's Weekly.

RAYMOND ROBINS TO SPEAK AT CONCLAVE OF Y. M. C. A., IS PLAN

LOS ANGELES, Feb. 8.—Plans for the annual convention of Young Men's Christian Associations of California, to be held February 23 to 25 at San Diego, were completed here by secretaries of the state executive committee. One of the strong features of the convention, it is announced, is to be the appearance of Raymond Robins, the progressive leader and evangelist, who is now touring the state on an evangelistic campaign among college students. Business men from all over the state are being urged to attend the convention sessions this year, especially the dinner on February 23 at 6:30 p. m. at the U. S. Grant Hotel. Prominent Californians will address this meeting.

It is expected that more than 150 delegates from Y. M. C. A. centers in all parts of the state will be present. Business sessions and election of officers will take place Saturday morning. The afternoon will be devoted to sectional conferences on Physical, Boys', County and Community Y. M. C. A. work. Delegates from the colleges of the state will have their dinner Saturday at 6:30 p. m. at the Y. M. C. A. In the evening Raymond Robins will deliver an address at the White Temple Baptist Church.

Y. M. C. A. speakers will fill many pulpits of the city on Sunday morning. A meeting for men only is scheduled for 3 p. m., at which Mr. Robins will make an evangelistic appeal. A boys' meeting will take place at the same hour at the Y. M. C. A.

The convention will close Sunday evening with union meetings in the First Methodist and First Presbyterian Churches. The farewell service will take place at the First Methodist.

THE WEATHER

Feb. 7—Maximum 75, minimum 38.

MARRIAGE LICENSES

IN SANTA ANA, ON FEB. 7
Jay J. Hoskett, 27, and Margaret E. Dell, 21, both of Los Angeles.
Nicholas P. Troutman, 41, and Ethel C. Alexander, 44, both of Los Angeles.

IN LOS ANGELES, ON FEB. 7
William W. Brinker, 26, and Georgia R. Maganety, 24, both of Santa Ana.

BIRTHS

CRAEMER—At Davis Maternity Home on Edgewood road, Feb. 8, 1917, to Mr. and Mrs. J. F. Craemer, of Orange, a son, Mr. Craemer is editor of the Orange News.

DEATHS

HOLDEN—In Santa Ana, Cal., Feb. 7, 1917, William Holden, aged 86 years. Private services were held this morning at Smith and Tuthill's chapel.
The decedent was the father of Mrs. J. E. Watkins of 850 North Par-ton street.

The Home Store As A Time Saver

People who travel off to some distant city on a shopping trip don't figure much on the value of their time. Neither do they count leg weariness as anything. They will tramp all over a city, shopping from one widely separated store to another. Then they finally turn up at home with just the same article they could have bought at the same price, or lower, of the home merchant. If the goods happen to be defective, or if an error was made, it will take more time and leg weariness to get it rectified, often as much as the goods are worth.

If people counted the time it takes to shop in a big metropolitan department store, they'd never do it. Purchases in such an emporium unless they are very large values, often cost more in time, car-fare and nerve force than they do in money, and you thus pay more than double price. You tramp all over the place, then are told that the clerk who directed you made a mistake as to the location of a certain counter, so you must return back near where you came from. Many a trip that might have been pleasant is spoiled by the time and effort spent in this wearisome shopping.

The home store wastes none of your time and costs you no car-fare. You visit it in connection with other errands, are promptly attended to, and the purchase is made in a tenth part of the time it takes to get it out of the distant department store. Time is money. And bother saved takes the friction out of life.

WITH MALICE TOWARD NONE

By Henry James

Setting Firetraps
New York courts have sent a man to prison for having owned and operated a firetrap. The result of his first catch was a total of thirteen, including nine women and four men. These people might have escaped when the trap was sprung, but apparently anticipating such conduct on their part, the boss had locked the door between them and safety.

Evidently New York is growing better. Formerly when an employer chose to lock his operatives in and roast them, there was no particular objection except such as the operatives gasped ineffectually with their last breaths.

There will be a sense of grief at the information that while the roaster of his fellows is in jail, his term is not for life.

The Pessimist

A fellow passing as a cynic drew up something he called a catechism. It really was the visible evidence of a disordered spleen. Here are samples of the pessimistic idiosyncrasy:

What is creation? An accident.

What is life? A bore.

What is man? A fraud.

What is woman? Both a fraud and a bore.

What is a child? An unwelcome guest.

There was a lot more of this stuff. Nobody in an age where remedies for the relief of bile are common and cheap has any right to such philosophy.

Of course the chap's wife got a divorce. The evidence is not related, but a copy of this fool catechism ought to have been sufficient.

Wandering

"Thaw's Mind Wandering"—headline.

No matter. But Thaw should not be permitted to follow his mind.

Mugging

Police assert that they have a right to "mug" any prisoner and place the photograph in the rogues' gallery.

Not unless the prisoner is a rogue.

Patriotism

Gentlemen engaged in the manufacture of steel products decline to make munitions for this government at what seems a reasonable price, but are loud in protestations of patriotism.

Perhaps they are mistaken as to the

character of the emotion that swells their bosoms. To the unbiased observer it seems to be something else. It so resembles the impulse that causes a pig to get into the trough.

The Wily Widows

Montana has uncovered a mess of rich widows who have been receiving aid as indigents under the law providing for the fatherless.

Perhaps old Weller, ungallant rascal, was not so far wrong in his estimate.

Lessons of War

The war hasn't proved much that was not already known.

It was demonstrated, however, that the time and cost of producing a ship are considerably more than required to send the same to the bottom.

Hands Off

Certain Canadian statesmen object to any outside move in the direction of establishing peace. In fact they cry "Hands off."

A lot of neutrals whose relations towards life generally have been disturbed, whose friends have been killed and property destroyed, feel in a mood to remark "Hands off" themselves.

Rights of Privacy

Private detectives have been informed by the New York courts that they have no right to invade private premises, break open private desks and paw over private papers.

They never supposed that they had such rights. They just did all these things regardless.

Twins

An individual arrested at the behest of his sister-in-law because of his conduct toward her explains that she is his wife's twin sister, and that his failure to distinguish between them was an inadvertence.

As a yarn that is all right. As a plea in court it would be flimsier than the average story of a press agent.

Politeness

Sometimes a brigand, going through his victim, uses gentle methods, and expresses regret at the necessity for his course.

Circumstances cause speculation as to whether any brigand of this type ever went into the business of manufacturing print paper.

LETTERS ASKED UPON MRS. TUSTIN'S ESTATE

Mrs. Mary Tustin, whose husband founded the city of Tustin in Orange county, died without leaving a will, according to a petition for letters of administration filed in the probate court in Los Angeles yesterday. The estate was valued at \$69,330. Mrs. Tustin died in Los Angeles on January 24.

According to the petition, the heirs are four children, Mary Jane Nicoles of Los Angeles, Ella Curry of Santa Ana, Samuel Tustin of Tustin and Fannie L. Platt of this city.

The estate consists mostly of property located in Tustin.

The petition was filed by Mrs. Platt. The interest at Tustin is valued at \$47,570. Mrs. Tustin also owned seventy shares of stock of the State Mutual Building & Loan Association, worth \$7000, and the residence at No. 4973 Pasadena avenue, value \$10,000. She had in bank \$2000 in cash.

HOW DID YOU DIE?

Did you tackle that trouble that came your way

With a resolute heart and cheerful? Or hide your face from the light of day With a craven soul and fearful? Oh, a trouble's a ton, or a trouble's an ounce,

Or a trouble is what you make it. And it isn't the fact that you're hurt that counts,

But only how did you take it?

You are beaten to earth? Well, well, what's that?

Come up with a smiling face! It's nothing against you to fall down flat.

But to lie there—that's disgrace. The harder you're thrown, why the higher you bounce.

Be proud of your weakened eye! It isn't the fact that you're licked that counts;

It's how did you fight and why?

And though you be done to the death, what then?

If you battled the best you could, If you played your part in the world of men,

Why, the Critic will call it good. Death comes with a crawl, or comes with a pounce,

And whether he's slow or spry. It isn't the fact that you're dead that counts,

But only how did you die?

—Edmund Vance Cooke.

Hon. Joseph W. Folk says of the above poem:

"I would rather be the author of the poem, 'How Did You Die?' than to hold the highest office in the land. That poem will live and brighten lives when presidents and kings of today are forgotten. It is the one literary effort of the present which will go down through the ages."

Mr. Cooke will give Santa Ana a sample of his wit, humor and philosophy Tuesday evening at the Intermediate School assembly room.

AUTOMOBILE STOLEN HERE MONDAY FOUND IN SAN FRANCISCO

The Ford automobile stolen last Monday morning between 8:30 and 11:30 has been recovered in San Francisco. The machine was taken from Spurgeon street between Third and Fourth streets, where it had been left by its owner, F. F. Stockebrand of 1509 Bush street. Today City Marshal Jernigan got a wire from San Francisco police stating that a machine bearing the number of the machine stolen here was found in San Francisco, where it had been abandoned. Doubtless, the person who stole the machine stole it for the ride to San Francisco. So far as known no attempt was made to sell it.

THE PENALTY OF OVERWORK

Many Santa Ana People Are Beginning to Feel the Strain

—The heavy tax of overwork—the extra strain so necessary to many trades and occupations is hard on the kidneys. The kidneys begin to fail in their work and the poisonous matter collects in the system. If your work seems hard for you, if you have a lame, weak or aching back, if you seem tired and listless, if you notice sediment in the urine, unnatural color or irregular passages and seem to be running down without apparent cause, begin at once with Doan's Kidney Pills, the remedy that has proven so beneficial to your neighbors. It has brought strength to the backs of thousands of working men and women. Read Santa Ana proof:

Jens Rasmussen, retired farmer, 212 Garfield street, Santa Ana, says: "Many years of hard work weakened my kidneys and caused kidney complaint. Often when I stooped over to lift, a sharp pain struck me in the small of my back and I could hardly move. The action of my kidneys was too frequent and the kidney secretions highly colored. I suffered from pains in the back of my head also. Two boxes of Doan's Kidney Pills cured the backache and regulated the action of my kidneys."

FAREWELL SURPRISE

Mrs. M. L. Sterrett Visited By
Members of Missionary
Society Yesterday

A merry group of friends surprised Mrs. M. L. Sterrett last evening at her home on East Second street.

Lively games and readings filled in the hours until the refreshment committee produced ice cream and cake, which were heartily enjoyed.

Mrs. G. N. Greer, as spokesman for the Ladies' Missionary Society of the Reformed Presbyterian Church, presented Mrs. Sterrett with a gold-lined California souvenir spoon.

Those present were Mr. and Mrs. T. L. Paris of Orange, Mrs. Dorothy Dodd of Seattle, Mr. John Casswell and Miss Margaret Casswell, Mr. and Mrs. T. J. V. McClurkin, Mr. and Mrs. Nelson and sons, Mr. and Mrs. R. K. Torrens, Mrs. G. N. Greer, Mrs. Cathcart and daughter, Miss Nell; Miss Lizzie McQueen, Mr. and Mrs. Jno. Parks of Santa Ana and Mr. N. Keutch of Quinter, Kans.

Mrs. Sterrett leaves tomorrow for Brawley and expects to reside for a few months in the "Barbara Worth" country.

Oak Camp Visits

Tuesday evening members of Oak Camp, M. W. of A. of Santa Ana, were guests of the Southern California Boosters Association. President Will E. Ross of Whittier Camp and staff gave the work to seven candidates. About 125 members enjoyed the session and were afterwards served an oyster supper.

Patriotic Tea

The W. R. C. will give a patriotic tea tomorrow afternoon, the other orders being invited. A good program will be rendered, Mrs. Carrie E. being the chairman.

Refreshments will be served and a pleasant afternoon is anticipated. The public is invited.

Dr. Magill, Osteopath, Phone 956-W.

MISSIONS, PEACE

Subject United Presbyterian
Society; Touching Resolu-
tions For Mrs. Gowdy

The Woman's Missionary Society of the United Presbyterian church held an all-day meeting in the church yesterday. A social hour with needle work was enjoyed and at 11 o'clock Mrs. Sterrett conducted a very interesting study on Mexican work.

At 1 o'clock a delightful luncheon was served by the following committee: Mrs. J. E. Collins, Mrs. D. L. Anderson, Mrs. William Eisele, Miss Rosaline Kellogg and Miss Sarah Finley. The following menu was served: Meat pie with vegetables, hot rolls, butter, jelly, coffee and fruit salad. At 2:30 the missionary society was called to order by the president, Mrs. J. G. Kennedy, and Mrs. Juliette Smith led the devotional service. Mrs. M. M. Tidball conducted the mission study, on "World's Missions and Peace."

The president made a few touching remarks on the death of the beloved member, Mrs. E. J. Gowdy, and the following resolutions were adopted: Mrs. Ellen J. Gowdy passed to her reward January 25 at the close of the day, aged 89 years. In the evening time it was light. We, the missionary society of the United Presbyterian church of Santa Ana, desire to add a tribute of love and high esteem to her memory. She came among us eleven years ago, and has been an inspiration ever since. Though frail and rarely able to attend our meetings, she frequently added to the interest and spirituality of the meetings by messages from her pen and her strong faith, patience in weakness and loyal support of the Lord's work will always be an inspiring memory. A life-long United Presbyterian, daughter of a minister and a widow of a minister, her long life was spent in the Master's service.

Mrs. Gowdy was one of the early "Crusaders" in the cause of temperance and also one of the three to suggest and support our think offering movement. She had pronounced artistic ability and retained use of all her faculties to the end. We would commend the bereaved ones to Him who so beautified her life by His grace.

Miscellaneous Shower

The Woman's Alliance of the Unitarian church held its monthly social meeting yesterday afternoon with a fine attendance.

An interesting feature of the occasion was a miscellaneous shower for the new bride, Mrs. Theodore Watry. The Alliance has a special interest in the newly-wedded pair, the bride having acted as organist for the Unitarian church for several years. The groom is the son of the former pastor, Rev. Francis Watry.

Refreshments, consisting of fruit salad, English buns and coffee, were served on tables beautifully decorated with jonquils and plumosus fern.

Visited Enterprising Club

Mrs. A. J. Lawton, secretary for the Southern District Federation of Women's Clubs, was the speaker yesterday before the Placencia Round Table at its regular meeting. Her subject was "Federation and the Co-Operative Spirit." Following the address a delightful little farce, "Mrs. Fuller's Telephone," was given.

The Placencia Round Table is the only club in Orange county owning its own club house, which is beautifully furnished with rugs, chairs and a piano, making it very cosy and up-to-date.

In order to meet the expense, five committees have been appointed and a program is given once a month in the evening, \$500 having been raised in this way. At each entertainment an original farce is presented. The members are energetic and although the club numbers but fifty-eight members, wonders are being accomplished with the aid of an appreciative community.

IS BETTER THAN EVER

AT THE

Cherry Blossom

The complete surprise of the host and hostess occasioned a great deal of merriment and added zest to the whole evening's entertainment, which began with a musical contest, where by a story was written from the names of songs played upon the piano.

A program of music and readings followed. Misses Hattie and Marian Hutton rendered a piano duet, Wallace Ludwig gave a violin selection, after which there were songs and readings by Mr. Ludwig, Mrs. Ludwig and Mrs. Marshall.

The second surprise of the evening was as genuine as the first, when the rooms, being darkened, a beautiful birthday cake made by Mrs. Johnson,

Best present a man can make to his wife, is to

VALENTINE LUNCHEON

Second Household Economics
Members Delighted At So-
cial Affair Yesterday

That Cupid's season is approaching is betokened by many charming social affairs with a valentine motif, one of the most delightful being the Valentine luncheon given yesterday by the second section Household Economics at the home of Mrs. Elmer B. Burns on Spurgeon street.

The committee in charge was composed of Misses Burns, R. R. Miles, M. B. Lacy, C. A. Gustlin, J. P. Hatfield, Harry Hanson, J. Dick Wilson; Misses Gertrude Montgomery and Fannie Smart. They selected a golden color motif, using the feathery acacia blooms in profusion throughout the rooms, both the breakfast room and dining room being used for the service of the delicious one o'clock luncheon.

The tables were centered with graceful baskets of acacia, the handles being graced with fluffy tulie bows and the pretty place cards held Valentine greetings. The menu consisted of fruit cocktail, chicken croquettes, baked potatoes, rolls, orange marmalade, vegetable salad, lemon pie and cheese nuts. All the appointments carried out the Valentine motif, even the butter being cut heart shape and the cheese having embedded in its creamy depths a candy heart.

During the afternoon sewing and chatting were the prevailing diversions. Miss Gertrude Montgomery read an entertaining paper on "The Origin of Valentine Day," and the roll call was answered with patriotic recipes.

Mrs. J. E. Gowen, curator of the Ebbl, was the guest of honor and the members present besides the committee were: Mesdames George S. Briggs, J. N. Bartholomew, W. L. Delmring, F. H. Eley, W. A. Flood, O. K. Forgy, Charles Kelley, Carl Strock, K. B. Spear, Roy Peterson, M. A. Patton, J. H. Turner, Clyde Walker; Misses Beulah May and Ava Wells. Mrs. E. D. White and Mrs. Otto Kan substituted for absent members.

Children Entertain Parents

The Spurgeon Parent-Teacher Association held a well-attended and very enjoyable meeting Tuesday afternoon.

The first part of the program was furnished by the children from the first and second grades, under the direction of Miss Wagner. They recited a number of Memory Gems, one of which is learned each month during the first year, thus early storing the child's mind with high ideals.

Next came a song by the little folks, which quite captivated the audience. This was followed by a drill in phonics, showing how the children are taught to read, and proved a most interesting exhibition, a vast improvement over the old way of learning to read.

Plans for a Colonial entertainment with parcel post party, to be given on the evening of February 22, were discussed and committees appointed to make arrangements.

Superintendent Cranston made a number of valuable suggestions, regarding various matters, relative to the welfare of children.

Miss Wagner called attention to a handsome glass case containing curios used in teaching geography; the case having been paid for by the children, with the addition of the receipts of the recent lecture on Hawaii.

On adjournment, the ladies were invited to remain for a social hour.

Economics Program

The following program will be given at the Tustin Household Economics Ebbl Section Friday afternoon by the members of the Conservatory faculty:

Piano solo, Humoresque (Tschakovsky) Miss Eunice Whipple.

Reading, "The Happiness Time" (Mary Stewart Cutting) Miss Lillian Broad.

Vocal solo, "White Nights" (Met-calf), "Little Pink Rose" (Bond) Miss Dorothy Carman.

Piano solo, Prelude No. 7 (Chopin), Gavotte in D Minor (D'Albert) Miss Whipple.

Reading, "When Company Comes," "The Hen" (Edmund Vance Cook) Miss Breed.

Vocal, "Who Knows" (Alcott-Ball), "To You" (Pley-Speaks), "Mother Machree" (Ball), Miss Carman.

The concert will begin at 2:30 and everybody is welcome.

With Minnesota Friends

Tuesday evening, there was a merry time at the home of Mr. and Mrs. George Hutton, when twenty friends and neighbors, formerly from Minnesota, gathered for a house warming party. The affair had been arranged as a double surprise, in recognition of Mr. and Mrs. Hutton having recently settled in a new home in Santa Ana and in honor of the birthday of Chas. Gammel, one of the guests.

The complete surprise of the host and hostess occasioned a great deal of merriment and added zest to the whole evening's entertainment, which began with a musical contest, where by a story was written from the names of songs played upon the piano.

A program of music and readings followed. Misses Hattie and Marian Hutton rendered a piano duet, Wallace Ludwig gave a violin selection, after which there were songs and readings by Mr. Ludwig, Mrs. Ludwig and Mrs. Marshall.

The second surprise of the evening was as genuine as the first, when the rooms, being darkened, a beautiful birthday cake made by Mrs. Johnson,

Best present a man can make to his wife, is to

AETNA-IZE
Let sickness or accident come! With your Aetna Disability Policy bringing you, say, \$100 to \$250 every four weeks, she can look landlady, butcher and grocer in the face.

Yours—INSURANCE—ly,

Ben E. Turner.

Need
A
Blue
Serge
Suit?

—Do you remember the quality we sold you before at \$12.50, \$16.50, \$18, \$20 or \$25?

—Here they are today; the same true blue—the same firm weave—the same good weight—and the perfect fit—AT THE SAME PRICE.

—It meant heavy early purchases and plenty of money.

—Where else can you find it?

Vandermaast
& Son

was brought in with the tapers burning and presented to Mr. Gammel. After the good wishes of the guests were extended to Mr. Gammel by Mrs. Hutton, the company joined in singing old songs while the candles burned.

The refreshments were bounteous and the remainder of the evening passed pleasantly in visiting and in talking over "old times in Minnesota."

The guests were Mr. and Mrs. Weiseman, Mr. and Mrs. Roy Johnson, Mr. and Mrs. W. Hutton, and Mrs. Frank Harris, Mr. and Mrs. L. A. Ludwig, Mr. and Mrs. William Hutton, Mr. and Mrs. J. L. Marshall, Mr. and Mrs. J. L. Marshall, Mr. and Mrs. Charles Gammel, Miss Hutton, Miss Gammel and Wallace Ludwig.

Helping Hand Society

The ladies of the Helping Hand Society met in regular session in the church parlors of the First Baptist Church Wednesday afternoon. Fifty ladies attended and Mrs. E. A. Bell presided.

Devotionals, reports and routine business occupied the early part of the afternoon. An important item of business was preliminary plans for the purchase of a supply of silver for the use of the ladies and the church, the supply on hand having heretofore been limited.

The hostesses for the day were the ladies whose birthdays occurred during February, this novel arrangement having been adopted by the ladies, and right well did the ladies whose natal month is February assume the responsibility.

Music, readings and refreshments made the afternoon pass quickly and pleasantly.

Mrs. R. G. Tuthill Hostess

Mrs. R. G. Tuthill of 1702 North Broadway was the hospitable hostess yesterday afternoon at an unusually well attended meeting of the Altar society of St. Joseph's church, forty-three ladies being present.

Yellow acacias were used for house decorations and during the afternoon arrangements were made to hold a rummage sale late in March to obtain funds to go towards the fall bazaar. The rug committee started its work of preparing rags for rugs which make popular articles at every bazaar.

Three new members were received into the society, the membership growing at every meeting, which is very encouraging both to the pastor and the members, as in every growing parish there is always increasing work.

Later in the afternoon Mrs. Tuthill, assisted by her sisters, Misses Mayme and Marguerite Dougherty of Portland, Ore., and Miss Mary Maag served refreshments of sandwiches, cake and coffee.

All-Day Meeting

The ladies of the First M. E. church met yesterday at the church with an unusually large attendance, and a large amount of work for the past month was reported; 550 calls were reported.

The ladies presented the Spanish church with two comforters.

There was an unusually large attendance at lunch.

At the missionary meeting in the afternoon, Mrs. Burns presided and Mrs. Lash had charge of the devotions. The usual amount of work was reported.

Grand Officers' Visit

All Eastern Star members will be pleased to learn that the Pacific Electric has graciously placed at their service a special car for the trip to Orange tonight, where they have been invited to be the guests of Scepter Chapter No. 163 at 8 o'clock, the occasion being the visit of the Grand officers of the Grand Chapter, O. E. S. All will meet at Masonic hall shortly after 7 p. m., as the car leaves at 7:40 for Orange, returning at 11:15 p. m. and 11:45 p. m.

The officers of Hermosa Chapter will put on the initiatory work.

Among the Grand officers expected to be present this evening are Maude Noble Haven, Worthy Grand Matron; W. Frank Holman, Worthy Grand Patron; Elizabeth B. Wheeler, Worthy Grand Marshal of the General Grand Chapter; Maude E. Bowes, Past Grand Matron; Frank Elsinson, Past Grand Patron of the State of Washington; Nellie Graham, Grand Associate Matron; Ivy Shellamer, Grand Marshal; Bessie Pendleton and Flora Elsinson, D. D. G. M., O. E. S.

—Cooked food. Sale by Sunshine Society all day, Saturday, 421 N. Main.

Dr. Ada B. Keller, Osteopath, graduate of Kirksville, Mo. Office, 804 West Fourth Street, Phone, Pacific 238.

PREPARES PLANS FOR
COUNTY FARM COTTAGE

In accordance with instructions given him yesterday by the county board of supervisors, Architect Frederick H. Eley today began drafting plans for a cottage for the superintendent of the county farm. The cottage will be practically a duplicate of the one at present used by the superintendent of the farm work. It will have five rooms and will be built in front of the hospital, south of the approach to the main building. It will cost about \$3000.

—To Pomona, San Bernardino and Riverside take Crown Stages 7:00 a. m., 10:00 a. m. and 3:00 p. m.

Get in the habit. Call the Sutorium. Have old suits cleaned up again. May take the place of a new one.

Main street, Santa Ana, Calif.

Orange County Business College and Conservatory of Music, Art and Drama

Personals

Misses Anna O'Donnell and Pauline Parsons were visitors in Los Angeles today.

Mr. and Mrs. W. H. Madden will move tomorrow to San Juan Capistrano to reside. They are pioneers of Santa Ana and their hosts of friends will wish them well in their new home.

Mr. and Mrs. C. R. Munson, formerly in charge of the Detention Home, have moved to 301 Fruit street.

Walter Eden made a trip to Los Angeles this morning.

Miss Marguerite Annis was a morning passenger over the P. E. to Los Angeles.

Mrs. L. A. Pyne, former well-known resident of this city, arrived today for a few days' visit with her friends, Mrs. C. E. French and Mrs. J. R. Medlock.

Mrs. Susan Allyn of North Broadway is progressing nicely at the Santa Ana Hospital, after an operation on her eyes by a Los Angeles specialist yesterday.

MAY 5 IS SET FOR COUNTY BICYCLE RACE DATE

Representatives from practically every bicycle store in Santa Ana and Orange were present at a meeting held at the J. E. Livesey store, 214-216 East Fourth street, last night, when it was decided to stage the Orange county bicycle race on May 5.

J. Fuller Gages of Los Angeles, Pacific Coast editor of the Motorcycle and Bicycle Magazine, published in Chicago, was present at the meeting and it was decided to make him manager of the race.

Prizes worth \$200, including two \$50 bicycles, are now assured, and it is certain that an entry list of at least fifty contestants will be secured as a result of the attractions offered. It was reported that interest in every Orange county city is keen.

Victor Walker, local sporting goods and bicycle dealer, reported that he had secured permission of the board of supervisors to stage the race. That the course be properly policed was a condition fixed by the supervisors.

There is a possibility that the course to be mapped out will take the racers south from Prospect avenue along the main street of Tustin to the Newport road, thence west on the paved road connecting Newport road with Main street. As staged years ago,

the course took the contestants west on First street, from Prospect avenue, to Main street. It was pointed out last night that, as the race is to be held on a Saturday, travel on First street to and from San Diego will likely be heavy and thus prove an inconvenience and a possible source of danger to the riders, and that it might be advisable to use the Newport road. This point is yet to be decided.

With the date decided upon and with J. Fuller Gages in charge, the race event is definitely taking shape. It promises, in the opinion of those present at the meeting, to be an event that will attract widespread interest.

ARGENTINE PRESIDENT CLEVERLY FORESTALLS POSSIBLE REVOLUTION

BUENOS AIRES, Feb. 6.—An expert on revolutions—for he himself spent a large part of his life as a conspirator and revolutionist—President Irigoyen has been quietly taking precautions to prevent any governmental overturning during his own 6-year term. And he did it so cleverly that only now is the public beginning to realize it.

There have been predictions that his radical program would lead to a revolutionary outbreak. Revolutionary methods have been openly advocated in connection with some of the recent strikes in Argentina.

The president's theory is that he can hold his own while the army is with him. On a peace basis it is only about 17,000 strong, but even this is not so bad, in a country of 7,000,000 to 8,000,000 population.

Long ago, when he was an anti-government conspirator, Irigoyen won to his views the rank and file and lower grades of government officers. Government after government, however, took pains to see that Irigoyenists were not promoted. So when he assumed office as president, Irigoyen found the army top-heavy with men in the chief commands who were his political opponents.

Nobody noticed it at first, but he had hardly taken the oath of office before he began detaching these officers from positions where they really controlled any men and landing them in clerical positions in the capital or assigning them simply to "await orders." In their absence their underlings were lifted into the higher ranks, either by means of out-and-out promotions or as "acting" commanders.

ANAHEIM ANXIOUS FOR SHOE FACTORY TO LOCATE THERE

ANAHEIM, Feb. 8.—"Wanted, a shoe factory," is the advertisement that the Anaheim Board of Trade is sending broadcast to induce someone to establish a shoe factory in the town.

The Board of Trade has announced that it will co-operate with responsible parties who will build and operate a shoe factory, and have set forth in glowing terms the advantages of Anaheim as a location.

The inducements, as stated, are cheap fuel, in the form of natural gas, electricity and crude oil; location, in the heart of a rich and thickly populated portion of Southern California, with two railroads, the Southern Pacific and Santa Fe, running through the town, and a third railroad, the Salt Lake, now in the process of construction. An abundant water supply, and excellent school facilities are further cited as advantages for the proposition.

COAST LEAGUE OPENS APRIL 3, IS DECIDED

SAN FRANCISCO, Feb. 8.—The Pacific Coast Baseball League season will open April 3 with Portland at Salt Lake City; Vernon at San Francisco and Oakland at Los Angeles. It was decided when the magnates of the league met here. The season, which closes October 29, calls for thirty weeks of ball playing. Nothing was done in regard to charges by Eddie Maier that there had been a plot during the past season to prevent Vernon from winning the pennant.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backache or Have Bladder Trouble

—Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.

MOOSE PREPARE TO BOMB G.O.P. POW-WOW

(Special to the Register)
SACRAMENTO, Feb. 8.—Although the only statement emanating from the conference is to the effect that it was a "purely social visit," common belief today was that mighty important matters of political significance were taken up at the recent meeting of Victor Murdock, Hiram Johnson and Chester H. Rowell at the governor's office here. It is believed some political bombshells were prepared for explosion "back east" when the next Republican pow-wow is held.

The cast of characters and the attendant circumstances were such that politicians are not at all satisfied it was a "purely social visit."

Victor Murdock of Kansas, one of the original and most conspicuous Progressives, had just returned from a trip to the Orient.

Hiram Johnson is a 1920 presidential possibility.

Rowell Visits East
Chester Rowell of Fresno returned recently from the East where he got in personal touch with the old line and Progressive powers.

Rowell's appearance at the Capitol on the same day as Murdock's arrival was not coincidental. This is admitted.

Linking this conference with the recent revolt headed by George W. Perkins, ample grounds are furnished for an abundance of political gossip.

Perkins, dissatisfied with the personnel of the Republican National committee, has started out to "make the Republican party progressive." "Go to it," wired Hiram Johnson, whose chances of landing the Republican nomination for the presidency are quite wobbly as long as the present status of the national committee continues, but would blaze forth with the brilliancy of a new half-dollar should the Perkins revolt bear fruit.

Enter Murdock
Just at this stage comes Vic Murdock, successful swatter of stand-patters, fresh from a trip abroad. Murdock, fighter from the word go, is quite essential in the accomplishment of the Perkins plan. Murdock calls on the governor, and in steps Rowell with his latest observations.

Supposedly, Scout Rowell has quite a definite line on the future course of the Old Guard, as well as valuable information as to just where Johnson would stand in case Perkins gains his point.

Did Murdock give Johnson and Rowell his pledge to fight, tooth, toe and nail, for the Perkins plan?

Did Murdock promise, or at least give encouragement to his old friend, Governor Johnson, to work his hardest for Hiram's nomination?

The wise ones are willing to wager that something along these lines was discussed during the course of that "purely social" half-day chat.

INFURIATED STEER LICKS THE FACE OF PROSTRATE COWBOY

Anaheim Gazette: Lem Sopha, an employee of the Anaheim Beef and Provision Company, relates a hair-raising encounter with a 4-year-old steer, belonging to Russell Brothers at Westminster some days ago. The steer had partially swallowed a small sugar beet, and was in danger of choking to death when Sopha was sent after it with a view to forcing the beet down its throat. This is done by using a piece of hose.

Riding one of the best horses at the camp, Sopha lariatied the steer by its hind feet, and while traveling at top speed across the range his horse stumbled and fell. Sopha immediately arose, uninjured, but the horse was unable to get up, owing to the tautness of the rope which was tightly held by the steer, standing some twenty feet away. Seeing that the only way he could get his horse up was by slackening the rope, Sopha tantalized the steer, making it come at him. Kicking his horse, it immediately arose to its feet, and Sopha was in the act of springing into the saddle, when the infuriated steer was upon him.

Realizing that he was in imminent peril of being gored, he threw himself flat upon the ground, where it was impossible for the steer to use its horns upon him. This is an old trick of the cowboy game which he learned on the Texas ranges.

The steer pawed his body, and at one time placed both feet upon him, while it licked his face with its tongue with more or less affection. The steer swung repeatedly at him with his horns, but was unable to strike him. Sopha concluded that he could stand this method of treatment as long as the steer, and remained motionless, knowing that in that position the steer was quite unable to gore him. The steer continued licking his face, when his hat blew off in the wind which was blowing, and with a madened bellow the steer put off after the hat.

Sopha jumped up, and despite his injuries, in a moment was in the saddle, his horse having remained standing at his side. The steer had broken the lariat, and had disentangled its feet from its tethers.

Sopha procured another lariat, and caught the steer, pushed the beet down its throat and turned it loose. He states that quite a number of cattlemen are killed each season by being choked on beets which they partially swallow, and which become lodged in their throats. In such cases the hide is removed from the animal, and the carcass destroyed.

He says he has ridden over places on cattle ranges which he would dislike to go over afoot, but when a cowboy puts after a steer he is bound to get him despite all obstacles. However, the incident at Westminster was one of the most interesting he ever experienced and he does not care to have it happen again.

No matter how good your car may be— —you must have Good Service!

First of all, of course, you want to get the very best car obtainable. But it is also as important that you get a car backed up by the right kind of dealer service.

There is certain to be more or less attention needed in time—accidents may occur—and when such things do happen you want to know that your car will not be put out of use for any length of time.

We keep an adequate supply of replacement parts on hand at all times. Also any part that we might not have may be secured by us from the Maxwell Motor Company within twenty-four hours.

This Service makes sure that your Maxwell Car gives you the perfect satisfaction it is capable of giving. It removes any doubt about your finding the Maxwell as remarkable in

performance as thousands of other owners are reporting.

A good car—we believe the very best in the light car field—backed by Good Service—these are worth while reasons why you should consider the Maxwell Car before you buy.

We are also prepared to take care of owners of former models of the Maxwell.

BOY SCOUT MOVEMENT CELEBRATES BIRTHDAY

NEW YORK, Feb. 8.—One hundred and ninety-seven thousand boy scouts in the United States today are celebrating the birth of the Boy Scout movement seven years ago.

The rapid growth of the organization is shown by the fact that there were 150,021 members a year ago. More than 50,000 Boy Scouts are engaged in volunteer work in many capacities throughout the country.

The object of the scout movement is the development of practical citizenship in American boys. One of the most recent developments of the movement is the National Department of Education under Lorne Webster Barclay. This includes the development of correspondence courses for the instruction of scout leaders. Barclay is a graduate of Bethany College, Canada, and of Yale, and has lectured at Columbia and Toronto universities.

TODAY'S DAY TO PUT EGGS TO HATCHING, IS ANNOUNCED BY U. S.

WASHINGTON, Feb. 8.—This is the best day to put eggs under your biggest and most amiable hen or into your incubator. In a special announcement to farmers—urban and suburban—the U. S. Department of Agriculture today declared best results are to be obtained toward a satisfactory production of eggs during fall and early winter if arrangements are made to hatch pullets in March or April.

Birds hatched from four to eight weeks from today, the announcement says, will be well matured and ready for laying 5, 6 or 7-cent eggs early in the fall. And a greater portion of them will go broody early in the following spring, thus completing the circle necessary for production in the fall.

RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

Instant Relief With Small Trial Bottle of Old, Penetrating "St. Jacob's Oil"

—Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacob's Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappears and can not burn the skin. Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacob's Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.—Advertisement.

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Feb. 8.—Taken unawares Monday evening, Mr. and Mrs. John Veeh of East Walnut avenue were completely and joyfully surprised by an invasion of the Happy Hour Club, the occasion being their fifteenth wedding anniversary.

Plentifully supplied with refreshments the guests spread a delicious feast to conclude a gay social evening with cards. A beautiful cut glass vase was presented to Mr. and Mrs. Veeh as a token of their regard.

The following were present: Messrs. and Mesdames Ed Dierker, Ben Dierker, Julius Wilke, Herman Struck, H. Wyneken, Frank Stone, Julius Borchard, Henry Bandick, Alfred Huhn, George Dierker, John Mangold and John Veeh.

A very pleasant social affair took place Tuesday evening in celebration of the eighty-first birthday anniversary of Mrs. Mary Beltz.

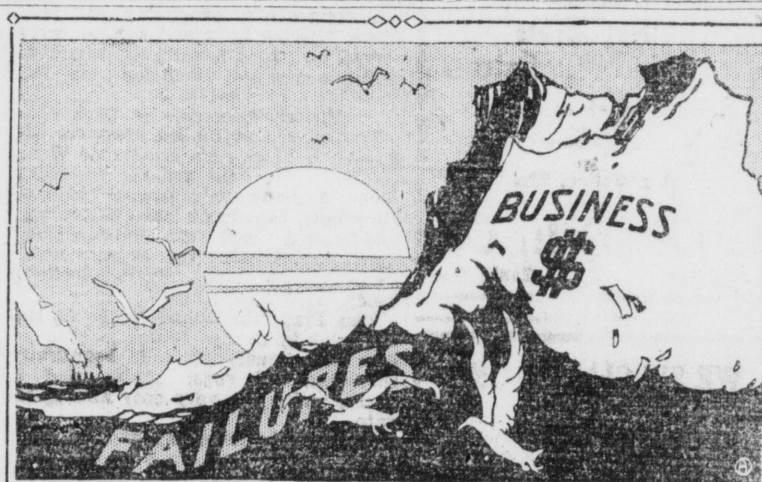

Joining with Mrs. Beltz in the observance of the event were Mr. and Mrs. Shatto, Mrs. Pickering, Mrs. McArthur, Vera Finster, Mr. and Mrs. La Dieu and daughter, Ollie Bowman, Mrs. Raymond, Flora Beltz, Mrs. F. F. Well, Mrs. Vinson, Mrs. Hatch, Mr. and Mrs. M. Bowman, Mr. and Mrs. W. D. Bowman, Mrs. Houts, Mrs. Ella Brown, Mrs. Cade, Mrs. Stearns, Mrs. Glenn Beltz, Mrs. Sarah Brown, Mrs. Cummings, Mrs. Spicer, Miss Clara Cade, Mrs. D. N. Kelly, Mrs. A. R. Dresser, Mrs. Squires, Mrs. Crane, Mrs. H. E. Finster, Mrs. Haskins, Mrs. Elmer Beltz, Lucille Beltz, Mrs. David Hunt, Mrs. Hunt, Mrs. Jessie Wilks and Mrs. Goldberg.

Gathering in full force at the handsome home of Mr. and Mrs. L. W. Hemphill on Santiago boulevard Tuesday evening, the Methodist church choir enjoyed a delightful social evening.

Mrs. Walter Lembecke was greatly surprised Sunday when taken to Bixby park at Long Beach where she found a merry crowd of her friends to help celebrate her birthday. Well filled baskets had been brought by all and a jolly time was had.

Those present were Mr. and Mrs. Herman Lembecke and family, Mr. and Mrs. Aaron Fry, Mr. and Mrs. Ward, Mr. and Mrs. A. L. Taber and daughter Marie, Mr. and Mrs. Ed Fiss, Mr. and Mrs. Stacy Flint and family of Santa Ana, Mr. and Mrs. Frank Bierbower and family of Tustin, Mr. and Mrs. Walter Lembecke and son Eugene.

STIFF, SORE MUSCLES RELIEVED

AT THE COURTHOUSE

PROBATION GIVEN MAN WHO GAVE OUT MANY BAD CHECKS

Vandeventer Freed In Los Angeles, Also Gets Clemency Shown Here

W. E. Vandeventer may not quite rank up alongside of James Main, who got probation a few days ago after being convicted of forgery, but he seems to be a close second. Vandeventer gave a \$5 check to W. L. Innes several months ago, and was arrested. It developed that altogether Vandeventer had out about \$80 worth of checks that were not acceptable to the bank upon which they were drawn. Vandeventer declared that he had had trouble with his wife, got drunk and passed the checks. After he was arrested here he was taken to Los Angeles, where yesterday he secured freedom. This morning he was before Judge Thomas, who gave him a probationary sentence of two years.

Twice Convicted

Prejudice Ortega is to be sentenced by Judge Thomas tomorrow on two charges, both felonies. The man was given no recommendation of mercy by the jury that convicted him of attempting to kill his niece, Josefa Prejudice, but the jury that tried him for another offense against the girl recommended that he be given a jail sentence. Deputy District Attorney Koepsel prosecuted him.

Pleads Guilty

This morning G. C. McCusiston of Los Angeles, formerly a real estate

This Is Why

Santa Ana has been praised all over the country for its eagerness to build and support its own home industries.

Every dollar spent at home is a big help in making Santa Ana prosperous, paying better wages and increasing the value of property.

But the most essential thing is to support the industries already established in Santa Ana. Guy G. Richards (formerly Bergman & Obarr) operates the only HOME slaughtering house in Santa Ana. All other meats come from the outside.

Keep your money at home. Buy meats of

MATERIAL HERE. SHOULDERS NOT TO BE BUILT AT ONCE

State Highway Work May Be Suspended For Six Months Or a Year

With material on the ground for the shoulders on the state highway from Tustin south to Irvine, the work may not be done this year at all. It will depend entirely on whether the United States breaks into war.

Unless present plans go awry, all work on the state highway will be suspended after this week.

C. F. Spellmeyer, resident engineer, and in charge of building operations in the county for the past two and a half years, will complete all repair work on the highway by the end of this week. There will be nothing more for him to do unless he can secure an appropriation from the state highway commission for the building of a mile of pavement on the coast road. He hopes to get this through, and if successful building of the uncompleted section just below Capistrano will start the early part of next month.

At the time of the building of the road to San Diego a gap of a mile at Serra had to be passed because of the condition of the roadbed. Fills were not packed sufficiently to permit the pavement being put down.

Material for shoulders on the highway between Tustin and Irvine is now stored at Tustin and Irvine. Money for the work will not be available until after the first of next July, although it has been generally understood that the commission would provide for the shoulders the first of this year.

If war should come, it is believed difficulty would be experienced in placing road bonds, and in that event, the shoulder work will be still further delayed.

If an appropriation is not secured for the mile of pavement at Serra, it is probable that Spellmeyer will be transferred temporarily to Ventura county, where there are several small gaps in the state road.

WOMAN WILL BATTLE BILLS SEEKING WAR TRAINING IN SCHOOLS

SACRAMENTO, Feb. 8.—One of the most active women in the second half of the California Legislative session which begins February 26, will be Mrs. S. M. Richardson of San Francisco, prominent in the affairs of the Women's Peace Party. Mrs. Richardson, with the endorsement of the Congress of Mothers, will fight the bills which propose military training in the schools.

But while she will oppose the military measure, she will make a strong appeal for the Luce bill, which proposes compulsory physical training.

"American mothers," says Mrs. Richardson, "are as patriotic on the whole as the men, and the mother's first thought is to train her boys to be good citizens and to be morally and physically fit to be good soldiers when their country needs them. We think, in the tender years of their life, they should not be under military discipline. It is a well-known fact that strict military discipline destroys initiative and makes boys regular automatons—followers instead of leaders."

MAN CHARGED WITH GIVING WORTHLESS CHECK TAKEN HERE

About 3:30 o'clock this morning information by telephone was received from San Diego that resulted in the arrest of W. M. Murdock on a charge of giving a worthless \$150 check at San Diego. The message stated that Murdock was on a night auto stage bound for Los Angeles. Officer Smithwick stopped the stage as it was passing through Santa Ana and arrested the man, and took him to jail, where he gave his age as 41 and his occupation as civil engineer. San Diego officers are on their way here to get Murdock to take him back to San Diego.

AFTER 50 YEARS LAND TRANSFER EFFECTED

SACRAMENTO, Feb. 8.—Fifty years ago John Scheid made application for 136 acres of government land in Fresno county in lieu of a 140-acre tract on which he had previously filed, and which was withdrawn. The surveyor-general of California received notice from Washington today that the way has been cleared for the transfer of the land to Scheid or his heirs.

HUGE GAME PRESERVE FOR MONTANA PLANNED

HELENA, Mont., Feb. 8.—Twenty-five thousand acres of land between Elkhorn and Deer Lodge, this state, will be set aside as the largest game preserve in this hemisphere this year if plans of the Department of the Interior, announced here today, materialize. Supervisor J. B. Seeley of the Helena forest is a backer of the plan.

CONSTIPATION MAKES YOU DULL That draggy, listless oppressed feeling generally results from constipation. The intestines are clogged and the blood becomes poisoned. Relieve this condition at once with Dr. King's New Life Pills; this gentle, non-gripping laxative is quickly effective. A dose at bedtime will make you feel brighter in the morning. Get a bottle today at your Druggist's, 25c.

LONDON, Feb. 8.—American Consul Frost at Queenstown officially reported that the British steamer Evestone, sunk Feb. 6, was not warned by the German submarine which shelled her in a message received today by American Ambassador Page.

LONDON, Feb. 8.—The British steamer Hollingside has been sunk. Her captain was safely landed. The crew took to the boats.

The Hollingside was a steel screw steamer of 2682 tons, registered at Newcastle. The vessel was owned by the Charlton Steamship Company.

LONDON, Feb. 8.—Two lives were lost in the sinking of the British steamer Dauntless, reported today. Six of her crew were brought ashore and taken to the hospital where two subsequently died.

Lloyd's registry lists five British steamers named Dauntless, four of them under 150 tons. The fifth is the Dauntless of Newcastle, a 2157 ton steel screw ship, owned by the Bolivian General Enterprise, Limited.

LONDON, Feb. 8.—The British steamer Boyne Castle and the Swedish steamer Varig have been sunk, it was learned today.

The sinking of these two ships brings the total number of vessels reported since February 1 as victims of German submarines to sixty-three. The total tonnage reported in these merchantmen exceeds 123,030 by several thousand tons.

NEW TRIAL IS WON BY MAN HELD AS SLAYER IN POLITICAL SCRAP

SACRAMENTO, Feb. 8.—D. J. McDonnell, sentenced to eight years in prison for slaying Charles Cosker in Sierra county following an argument over President Wilson's speeches, won his appeal today in the third district appellate court. McDonnell was found guilty of manslaughter in the lower court and his motion for a new trial was denied. The judgment and order denying the new trial are reversed in the decision today by Justice Burnett, and concurred in by the other justices.

The testimony as reviewed by Justice Burnett shows that Cosker visited McDonnell's home, where, after drinking freely, he lectured for nearly three hours on President Wilson and his policies. After his talk he insisted on McDonnell going home with him to read clippings of the President's speeches. When McDonnell declined, Cosker became angry and rushed at him with a hammer. McDonnell's claim that he shot in self defense is recognized by the appellate court in reversing the Sierra county superior court.

TALKING ORDINANCE TO STOP HIGHWAY PICTURE NUISANCE

Complaint has been made to District Attorney West and Supervisor Leck that visitors at the old mission at San Francisco are finding themselves annoyed by a couple of photographers who hold forth on the highway in front of the mission. It seems that when an automobile full of visitors stops, a photographer is Johnny-on-the-spot with his camera, takes a picture, climbs aboard the running board and importunes the occupants of the machine to buy pictures. It is stated that insistence at times becomes a nuisance, and a number of people have reported that they "are tired of it." The district attorney is considering the advisability of getting up an ordinance to prohibit the taking of photographs on the highway about the mission.

U. S. ORDERS RADIOS AT S. F. TO WITHHOLD STEAMERS' LOCATIONS

SAN FRANCISCO, Feb. 8.—Wireless companies today refused to give the locations of ships at sea. They said that they were acting under orders from Washington.

Approximately twenty men have been discharged from the Coast Guard service as a result of Washington orders dropping unnaturalized Germans from crews. The cutter McCulloch today dropped five members of its crew.

END WAR THIS YEAR, ALLY DETERMINATION

LONDON, Feb. 8.—The determination to terminate the war by the end of summer was arrived at during the conference of the Entente allies, John Hodge, minister of labor declared at a meeting. Hodge said that he thought he was betraying no secret in telling of the allies' determination.

CHICKEN THIEF RIDES IN AUTO IN OREGON

PORTLAND, Ore., Feb. 8.—Today we have here the gentleman chicken thief, who rides in his own automobile, discriminatingly selects the choicest fowls, leaving the lean ones in peace. Later he leaves the feathers and well-polished bones on the doorsteps of his victims.

FELT LIKE 90; NOW LIKE 21

Many persons complain about feeling old before they should. Like a weak link in a chain, a weak organ enfeebls the whole body. Overworked, weak or disordered kidneys lower vitality. A. W. Morgan, Angola, La., writes: "I suffered with pains in the back. I am 43 years old, but felt like a man 90 years old. Since I took Foley Kidney Pills I feel like I did when I was 21." In 50c and \$1.00 sizes. Rowley Drug Co.

ANNOUNCEMENT OF THE ARRIVAL OF A LARGE LINE OF

New Spring and Summer Suitings

PRICES IN WOOLENS HAVE ADVANCED BUT OUR PRICES FOR MADE-TO-ORDER SUITS REMAIN THE SAME.

In spite of the big advance in men's suit fabrics, we are pleased to announce that we have received the largest line of cloth we have ever shown, which we are making up at our former low prices.

There's such a lot of new weaves and colors that a detailed description is impossible.

Beauties, every one of them. In fact, no previous season has brought out such perfection in the tailor's art, such beauty of fabric, color and pattern. Get right after these smart Spring styles.

Order Your Spring Suit Early and Get Choice of the Many Exclusive Patterns

We are making suits every day for many of the best dressers in Orange county and the earlier we get your order the more time we can devote to giving you extra service in workmanship.

If you are going out of town for your tailoring you are making a mistake. We will give you better value for your money than you can get in Los Angeles. We have the cloth for you to select from—just as good an assortment as you can find anywhere.

The season is almost here and we have the goods. Let us take your measure now so you will be among the first to wear the latest.

SUITS TAILORED TO YOUR MEASURE, \$25.00 UP.

BOARD OF SUPERVISORS

APPROVE DEED FOR EXPOSITION LAND TO SAN DIEGO CITY

Yesterday afternoon the Board of Supervisors approved the giving of a deed to the City of San Diego by the Southern California Expositions Commission for its interest in the Southern California building at the San Diego exposition grounds. The control of the property passes into the hands of the San Diego Park Commission.

Exposition's license were granted by the supervisors to J. M. Ward, Garden Grove; D. J. Dodge, Harper; S. J. Biss, La Habra.

John Benecke was granted a permit to lay a pipeline over Ball Road. The supervisors adjourned to February 17. They will attend the convention of county supervisors of the state in Sacramento during the week of February 19.

LOST CITY UNCOVERED IN SOUTH AMERICA

ASUNCION, Feb. 8.—Excavating for the foundation of a new prison near Asuncion, workmen have uncovered the remains of a pre-historic city which archeologists pronounce a kind of Paraguayan Pompeii.

The town was laid out in a system of rectangular squares, with diagonal avenues and buildings of considerable size and architectural pretensions. From this the local experts conclude that the inhabitants must have reached a reasonably high stage of civilization. They figure, however, that the city must have disappeared long before Columbus sailed for the new world.

Nobody ever suspected before that such remains existed in this part of South America.

More experienced investigators than are to be found here have been communicated with in Buenos Aires and Rio de Janeiro and researches are to be conducted which it is hoped may lead to important discoveries concerning the pre-historic inhabitants of the country.

BEACH WOMAN WHO GAVE CHECKS WILL BE GIVEN FREEDOM

According to information received here today, the charges of passing non-fund checks against Mrs. Jean Collins of Newport Beach are to be dismissed in Los Angeles. Similar action will be taken in regard to a complaint brought against her in this county by Ehlen & Grote's store of Orange.

8 AGRICULTURE BOARD MEMBERS REAPPOINTED BY GOVERNOR JOHNSON

SACRAMENTO, Feb. 8.—Eight of the twelve directors of the State Board of Agriculture are reappointed today by Governor Johnson. They are: I. L. Borden and E. F. Mitchell of San Francisco; E. J. Delorey, Los Angeles; E. Franklin, Colfax; Theodore Gier, Oakland; T. H. Ramsay, Red Bluff; Charles J. Chenu, Sacramento, and John M. Jerry, Stockton.

Everybody dies

Yet few prepare for death. Most people conduct their business as if they would live forever. Death has never had a place in their plans, and when it appears their helpless women and children must suffer. This neglect of the future is caused by lack of knowledge and we believe that if men are informed of a danger that they will guard against it. When you have passed, another will take up your affairs where you left them. He will have all your problems to contend with—and more. He will have inherited your problems without your special knowledge and experience. You had plans for meeting your liabilities; he will have to make plans. You know how you are going to use each separate resource in the settling up of your liabilities; he must stumble along as best he can and guess at things. There is one safe way to avoid trouble and loss to your estate, by making a will and choosing a competent and responsible executor. Executorship and the management of estates is the special business of the Orange County Trust and Savings Bank, and they have experienced officials for just such work. They invite consultation, in confidence, and without charge.
